To: Henri de Castries, James A. Johnson, Klaus Kleinfeld, Peter Thiel, Kenneth M. Jacobs, and Robert Zoellick,

The Bank for International Settlements and its member central banks are in receivership in the Global Debt Facility following the notarial protest that was lodged with the Universal Postal Union. <https://s3.amazonaws.com/khudes/notarialprotest.pdf>

Previous correspondence with Fidelity, Vanguard, State Street and Black Rock:

Correspondence with the UK Parliament:

The US Japan Committee under the Status of Forces Agreement is not going to permit a unilateral surrender by staying with Federal Reserve Notes that are no longer the international reserve currency and are not backed with the US monetary gold reserves (because the whole world knows that the world's monetary gold reserves are held in the Global Debt Facility -- not with the Network of Global Corporate Control). The rest of the US military also understands that the coalition for the rule of law is now in charge. Facts are facts. The Wizard's projection screen is no longer working.

Sincerely,

Karen Hudes

### Karen Hudes

I agree that the G7 summit should be scrapped, but not for the reasons that Larry Elliott gives. Obama, Hollande, Cameron, and Merkel are all concealing the corrupt Network of Global Corporate Control [http://arxiv.org/PS\\_cache/arxiv/pdf/1107/1107.5728v2.pdf](http://arxiv.org/PS_cache/arxiv/pdf/1107/1107.5728v2.pdf) that is no longer calling the shots. When these politicians get home, they are going to learn that the BRICS, G-77, and the coalition for the rule of law in their countries are the ones who are setting the agenda in the international financial system for the coming years.

Alis Castano "This June 11th-14th the mysterious, malicious, power hungry group known as the Bilderbergs will be hosting their 63rd annual meeting since their formation in 1954. There will be a total of 140 participants from various countries coming together in the Interlpen-Hotel Tyrol in Austria to discuss policies, depopulation and their secretive agendas behind closed doors. The event is scheduled to take place just 3 days after the G7 Summit. According to the Bilderberg UK website the agenda is set to include the situation in Ukraine and Syria, along with the TTIP trade agreement. Senior lobbyists for the TTIP from the business and financial sector will be attending. Additionally they will be discussing the creation of a cashless society, as well as foreign immigration issues in Europe...at least that is all they are admitting to at this time.
