Yesterday I posted the live DCTV broadcast on YouTube:

<https://www.youtube.com/watch?v=sx65bnsc3zo>
<https://s3.amazonaws.com/khudes/dctvteleprompt7.26.16.pdf>

The response was generally favorable. At first YouTube declined to run the video, but reconsidered since the videos which I have uploaded on archive.org are seen by as many viewers:

<https://archive.org/details/KarensDvd21>
<https://archive.org/details/TheNetworkOfGlobalCorporateControlSecretSocietiesConverted>

and have the added cachet that they are being censored by YouTube. Instead, YouTube took the video and then added a minute of black at the start. I have disclosed how YouTube is owned by Google and that Google was created by the CIA.

At minute 10:30 I spoke about the Greek austerity program being unnecessary since the Network of Global Corporate Control identified by Vitali, Glattfelder, and Battiston of ETH Zurich http://arxiv.org/PS_cache/arxiv/pdf/1107/1107.5728v2.pdf is insolvent and that the news of the Global Currency Reset had appeared in major Greek newspapers.

This morning the Greek Embassy in Brussels sent me the following notice that their email address had changed.

This is how the power transition model that came to the World Bank in 2004 from the National War College works: each of the stakeholders changes position based upon the positions of the other stakeholders.

<https://www.youtube.com/watch?v=L7zivANqb74>

<https://www.youtube.com/watch?v=y4P8DA23G9c> As you recall, the power transition model has been predicting with 90-95% accuracy that the Global Currency Reset would occur after Elaine Colville and I disclosed the corruption in the international financial system to the UK Parliament and after my testimony in EU Parliament.

House of Commons Public Administration Committee, Written Evidence for the inquiry into Complaints Do They Make A Difference, published July 20, 2013, pages 186-7 (Elaine Colville, another World Bank Whistleblower's testimony is on Page 178) available here

<http://www.parliament.uk/documents/commons-committees/public-administration/Complaints-1-consolidated-13-sept.pdf>

The European Parliament Committee on Budgetary Control Hearing on Whistleblowing May 25, 2011 available here:

What I really like about the Global Currency Reset is how all of humanity is joining in. The dominos are all falling, as I pointed out in the DCTV broadcast <https://www.youtube.com/watch?v=sx65bnsc3zo> at 23:50. Nick Blain sent me the domino clip.

At DCTV yesterday I also taped next week's segment in the series on the Network of Global Corporate Control. Here is the teleprompter: <https://s3.amazonaws.com/khudes/dctvteleprompt7.26.16.2.pdf>

It is no coincidence that these hidden facts are being disclosed now.

The last thing I want to report is that I am in contact with someone who is offering to give me the Euroclear reference numbers for the accounts of the Global Debt Facility. Here is a voicemail message and our email correspondence:

Dear George,

I just listened to your message again,

[https://s3.amazonaws.com/khudes/msg_kandbspergel_27_Jul_2016_07_31_05.mp3] and I believe you were referring to the Monetary Agreement as the contract, and were not proposing a contract. I apologize for the confusion. As Overseer Mandate Trustee, I need to let people know of a contact that wants me to have the Euroclear account numbers.

Dear George,

I received your phonecall late last night after I returned from my live broadcast on DCTV:

I am not sure which of the numbers in my cellphone are yours, as my landline does not keep a record of the phone numbers from the calls I receive.

Your voicemail message was difficult to hear, but I thought I understood that you are asking for a contract?

I have no legal authority to sign a contract. I am advisor to the 188 Ministers of Finance and Development who would have to authorize the contract. This is a chicken and egg proposition, as I am sure you can appreciate.

Dear George,

As we discussed, you are going to send me the Euroclear account numbers.

Here is the Monetary Agreement:
