

Global Debt Facility

July 3, 2016

I posted the following information yesterday on facebook because I could not access amazonaws. I have this response: "You can assure your friend Karen that the defense forces of our country remain loyal to the US constitution and the citizens of our country." This is what the National War College power transition model has been predicting with 90-95% likelihood: <https://s3.amazonaws.com/khudes/sentia+model.pdf>

There were a number of comments. Because I was driving to a rustic mountain retreat here in California and was not able to respond, my other facebook friends called out the shills for me. This is good practice; as we move forward with the Global Currency Reset it will be necessary for those of you who know what is going on to disarm the Network of Global Corporate Control's disinfo agents. What has been holding up the reset until now was the need for a critical mass of aware individuals who would be able to keep the Global Currency Reset on track.

On track for the rule of law. I just forwarded the news that Russia and Japan are meeting on the 4th of July to the State Defense Forces. I have already told the Joint US Japan Committee under the Status of Forces Agreement and TASS that the US is moving out of the unconstitutional Federal Reserve Notes. It is up to all of the people who have been following the National War College Power Transition Model to express our profound gratitude to Jose Rizal, who prepared us for this very moment with his Declaration and Proclamation of the gift of love. So we switch notes and write off \$200+ trillion in debt contracts? **[THIS IS THE SAME MAN WHO IS WORKING WITH TEXAS' SENATORS TO TRY AND INSERT THE STATE OF TEXAS AS A MIDDLEMAN IN THE GLOBAL CURRENCY RESET; I ALREADY EXPLAINED THAT THIS IS A NONSTARTER THAT LEADS THE WORLD INTO WWII. WE ARE SIMPLY OFFSETTING COUNTRY DEBT AGAINST THE 2 QUADRILLION IN TREATY OF VERSAILLES BONDS THAT THE FED OWES – ANDREW BRANSFORD BROWN DOESN'T SEEM TO**

UNDERSTAND THAT THE NETWORK OF GLOBAL CORPORATE CONTROL IS IN RECEIVERSHIP IN THE GLOBAL DEBT FACILITY NO MATTER HOW MANY TIMES I TELL HIM THIS.]

Comment: Abby Martin's interview of me on RT:

Abby Martin interviews investigative journalist James Risen, who has fought both Bush and Obama administrations for his reporting on national security.

Barack Obama's administration has been the worst on record for whistleblowers, said New York Times journalist James Risen on Abby Martin's show Empire Files.

Risen, who fought a seven-year legal battle to protect his source, said that he was surprised at Obama's "real zealous approach" to his case and to "inconvenient" investigative journalists "in a way that is unprecedented in modern American history."

George W. Bush had also pressured Risen and the New York Times back in 2005 to not expose his administration's circumventing of congressional law to implement mass surveillance, and was successful in delaying its publishing until after election year.

Obama is very similar to Bush, said Risen, in their selective persecution of journalists and whistleblowers. Both also worked to greatly expand an unsustainable war economy and develop the "Kafka-esque nature of what we're trying to do as a country on counterterrorism."

Watch Abby Martin's show to hear more about Risen's trailblazing career: from dispelling lies about Iran's nuclear weapons program to uncovering government infiltration and impediment of a lawsuit by the families of 911 victims.
