Dear People,

My videographer is going to post the video I filmed on August 25th, the week that my mother died. During this time, my IT geeks removed some of the viruses that were interfering with our communication. I am back online, and three of my email accounts now work. During these two months, in the middle of the Covid 19 saga, the people who remain duped by the Cabal and the Black Nobility at their center are starting to question what is going on.

Many people are still confused about what is going on. The "newbies" are particularly vulnerable to "controlled opposition". Controlled opposition are people who confuse you by telling you a mixture of lies and truth. I will give you a good example. The US government is totally corrupt. After the Civil War it ceased to function under its Constitution. Enough of the rank and file of the US Military caught on. That's when controlled opposition were ready to mount a fake military coup. It was going to be a real military coup, but the perpetrators were traitors at the service of the Cabal and the Black Nobility. We in the Critical Mass, who are used to seeing through all of these lies, got our communication restored and called off the fake military coup. The world's wealth that is financing all of the world's military powers remains safe with the Critical Mass. We are going to get rid of all of this corruption and clean up our world.

Things have come to such a pass that it is going to take some time. That is for sure. We are going to learn what we need to know to get the job done peacefully and thoroughly. We are all in this together, the crooks and the Critical Mass. We have eternity because we have immortal souls.

I am going to show you my correspondence with DCTV, which suspended the five year long series on the Cabal and Black Nobility. The Series was called the "Network of Global Corporate Control." That is what the three systems analysts who discovered in 2012 how the Cabal and Black Nobility had rigged Wall Street call the Cabal.

Dear Michele,

You have not explained why DCTV has changed the time slot, and has refused to air any of the prerecorded shows, and why there is now a requirement for review and resubmission of the programming already in your possession. These impediments are unnecessary, disruptive, onerous, and have nothing to do with regulations in response to the pandemic

Our conversation consisted of your interrupting me any time I tried to speak, and attributing positions to me which I never said.

I would like to know whether DCTV has any response to these points.

Thank you,

Karen Hudes

Subject: DCTV-Follow Up to 9/14/20 Letter & 9/23/20 Phone Call

Hello, Ms. Hudes.

I am following up regarding our phone call yesterday.

The reason for my call was to respond regarding your attached letter dated September 14th to our President and CEO, Nantz Rickard. I am in receipt of that letter and I was asked to contact you with a response.

On the call, I had hoped to fully explain the following:

1. Your letter mentions that your show, "Network of Global Corporate Control" is "suspended." The fact of the matter is that your show is not at all

2. suspended. As a DCTV member in good standing, you are welcome to continue to upload content to us for broadcast. What has changed, is that our studios are temporarily closed due to the Covid-19 pandemic and our scheduled building renovation that had to be delayed as a result of the global health crisis. Unfortunately, these events have created circumstances beyond our control. Once renovations began, COVID-19 restrictions were implemented, as mandated by Mayor Muriel Bowser of Washington DC. Both instances have caused DCTV studios A and B to be closed for an indefinite length of time. When we are able to resume full operation of the building, we plan to alert all DCTV members and producers.

2. Your letter requests that we resume airing your “Network of Global Corporate Control.” Currently, we are unable to resume airing your show in the live format as before the renovations and COVID-19 restrictions (per above). Alternatively, we welcome you to submit pre-recorded programming at any time. After you submit the pre-recorded show content, there is a process in which our Programming Department receives it, reviews it and prepares it for telecast.

Should you choose to submit pre-recorded programming (per number 2 above), please access [this link](#) directing you to the DCTV User Portal to get started with our new process for a quicker and easier program upload. After entering your membership credentials (your DCTV username and password), follow [these steps](#) of the new process. If you need assistance, I am here to help. Please contact me on this email or at the number listed below.

Again, on the call, it was my hope to provide the full response above. It is unfortunate that the call escalated making our communication unsuccessful. My hope is that you find this information helpful and understand that we are here to assist and offer you the best possible user experience. We are committed to your satisfaction and success.

Dear Ms. Rickard,

As the executive producer of DCTV's Five Year long weekly Series on the "Network of Global Corporate Control," I was disappointed when the series was suspended.

After production in Studios A and B was interrupted due to the renovations, I funded the cost of independent production for several segments.

The series remains popular with the local viewers on the cable, as well as a broad audience on YouTube.

I would appreciate for DCTV to continue airing this series.

Sincerely,
Karen Hudes

RETWEETS 9 LIKES 7

6:01 AM - 26 Dec 2016

On January 3, 2017 I shall mail Donald Trump, Muriel Bowser, Renwick Payne, Peter Newsham and Joseph Dunford, Jr. the final notice of my and the Global Debt Facility's commercial lien on their property. The second notice has been mailed to these traitors and notified to the world at large over the internet as follows:

https://s3.amazonaws.com/khudes/Hudes%2C+Karen_World+bank+agents%2C+et+al.+2nd_CommLien_12-14-16.pdf

As I notified the previous Superior General, the Grey Pope, the Vatican Apostolic Nunciature, and the general public already on February 29, 2016:

<https://s3.amazonaws.com/khudes/Twitter2.29.16.pdf>

the United States is in interregnum. The Joint US Japan Committee under the Status of Forces Agreement is ensuring that the United States does not surrender unilaterally through a crash of Federal Reserve Notes:

<https://s3.amazonaws.com/khudes/Twitter2.26.16.2.pdf>

Until the United States' Constitution of 1789 is back in force and effect through an Article V Constitutional Convention, the Board of Governors of the World Bank and IMF have authorized me to convey the voice and vote of the US on the Board of Governors and Boards of Executive Directors of the World Bank and IMF.

<https://s3.amazonaws.com/khudes/Twitter2.8.16.1.pdf>

All of the Ministers of Finance and Development on the Board of Governors of the World Bank and IMF agree that the UCC Financing Statements filed with the 11 Secretaries of State in which the Federal Reserve Banks are located remain valid, including the Federal Reserve Bank in Chicago, Illinois : UCC Record #20091045:

Threats to arrest me if I do not sign over the world's wealth when I am doing my job as Overseer Mandate Trustee on behalf of humanity?

<https://s3.amazonaws.com/khudes/Twitter2.28.16.pdf> Allegations that I was fired for "inappropriate behavior and misrepresentation of valid heritage accounts" when I had not even learned about the Global Debt Facility in 2007?

<https://s3.amazonaws.com/khudes/Twitter2.24.16.pdf> I was fired illegally in retaliation for reporting corruption.

My previous letter to Superior General Adolfo Nicolás Pachón, the Vatican, and Mr. Orsini is attached.

I have been informing the public that the insolvent Network of Global Corporate Control is getting wound down ever since the Board of Governors declared that this super entity was in receivership in the Global Debt Facility. Humanity has accepted irrevocably the Proclamation and Declaration of the Gift of Love from Fr. Jose Antonio Diaz. The Bilateral Minesfield Breakthrough Successor Agreement provides that the Bailee must restore when his lawful possession comes to an end.

Wolfgang,

You think people are not going to figure out that the bloodline families, hiding behind the Jews, have anything to do with anything?

You think that the World Bank's member countries are not going to know that the people in the US want their Constitution back?

You think people are so afraid to think that they will continue to allow the Jesuits to control their knowledge of history?

You think the coalitions that the War College Power Transition Model predicted are not real?

You seem to think that people cannot think. There may be military mind control technology, but people know about it, as witnessed by this video, which I have been tweeting about on the internet for the last ten days:

YEAR END REPORT 2016c

[insert from Karen Hudes - two years ago, Mr. Struck forwarded me for approval an offer for the sale of 2 billion in Treaty of Versailles Bonds held by the Global Debt Facility, which transaction I declined on behalf of the Board of Governors of the World Bank and IMF

<https://s3.amazonaws.com/khudes/treaty+of+versailles+offer+of+sale+2+quadrillion1.pdf>]

For years no end, decades even, people of all categories, rich and poor, in highest office or in the many coffee shops of Manila, have given their all to find the key to the mysterious wealth accredited to the former President of the Philippines, Ferdinand E. Marcos. One who met him and signed secret documents with him was George Herbert Walker Bush, one time Vice President under Ronald Reagan, Head of the CIA, and one time President of the US of A after Ronald Reagan. He would be the first one to confirm that the Philippines is the richest country on earth and he is the mastermind of all living American Presidents until now come Donald Trump who does not belong and does not know of any secret.

So, what is there to know? GHW Bush is German Jew born in Celle near Hannover, Northern Germany, as Georg Scherff and we all should know a Jew is a Jew is a Jew. He is not going to divulge to the world that the Jews have everything, UN, WB, IMF, the devastating power of the media, TV and Hollywood including the news networks. They own the banks and 80% of corporate industry, they own the money and they print money as long as the sun will go up in the morning, in the Philippines first, 12 hours before New York. By the way, they also own 80% (low estimate) of what you and I think and do from morning to night which covers your favorite TV show.

There is an office in New York, JPMorganChase, sitting on the treasures of the Federal Reserve New York Bank, virtually, documentary, physically. They have a TV set (CCTV courtesy of Ferdinand Marcos) connected to 34 "registered sites" in the Philippines. They are looking at the gold in 34 tunnels and the giant snakes mulling around. They know, nobody else in this world knows or is allowed to know. Financial experts who predict the end of the FED or the Federal system do not know from Adam. The Federal will survive all of us. The next Chairman of the Board, after Mrs. Yellen, Mr. Fisher from Israel's Central Bank, might tighten the grip, so people will understand. They are not going to go away or down, that is for sure.

This being the case, we do not expect that there will be any new development in the matter of the Marcos Wealth other than desperate attempts by formerly rich countries to now move on the gold which is confirmed there but appearing frozen to those who want the riches for themselves and keep everything for themselves. Without any public forum

"to initiate development in the Philippines, Asia, and other parts of the world" nothing looks prosperous on the horizon. The depositors of the gold knew this would happen. They put up several layers of security starting with coded names for beneficiary, coded ownership, and untouchable corporate elevation. For good measure, the legal authority of the account holders (beneficiaries) was cut with date of September 21, 1985, so that the banks involved were no longer allowed to transact

gold or cash with those names prominently among them William Villamor Marcos.

Donald J. Trump and the bloodthirsty and corrupt dictator of Congo Denis Sassou Nguesso : A meeting of the shame

The bloodthirsty and corrupt dictator of Congo Denis Sassou Nguesso

The election of Donald Trump was perceived as a remarkable chance to change the cards by the Congolese people who live under the yoke of the fierce dictatorship of Denis Sassou Nguesso since more than 32 years, but Donald Trump did not wait long to shower this hope.

By deciding to receive the bloodthirsty and corrupt dictator of Congo who steals public money, massacred his people and has changed the Constitution of his country to remain in power, Donald Trump sends a very clear message: Indeed, He will be the Friend of Africa's dictators. It is sad to say but in any case it is what we see now.

It is clear that this is a first big disappointment for us who supported Donald Trump, against all odds, and who called on all our American friends and relatives to vote massively for him against Hillary Clinton who benefited precisely from the financial support of Denis Sassou Nguesso and his son Denis Christel Sassou Nguesso through the Clinton Foundation.

December 26, 2016

Friend in the Congo

(Texte en français)

L'élection de Donald Trump était perçue comme une chance remarquable de changer les cartes par le peuple congolais qui vit sous le joug de la dictature féroce de Denis Sassou Nguesso depuis plus de 32 années, mais Donald Trump n'a pas attendu longtemps pour doucher cet espoir.

En décidant de recevoir le vieux dictateur sanguinaire et corrompu congolais qui vole l'argent public, massacre son peuple et qui a changé la Constitution de son pays pour se maintenir au pouvoir, Donald Trump envoie un message très clair : il sera bel et bien l'ami des dictateurs africains. C'est triste à dire mais en tout cas c'est la constatation.

Il est clair qu'il s'agit là d'une première grosse déception pour nous qui avons soutenu Donald Trump contre vents et marées et qui avons appelé tous nos parents et amis américains à voter massivement pour lui contre Hillary Clinton qui a bénéficié justement d'un soutien financier de Denis Sassou Nguesso à travers la fondation Clinton.
