Dear Sirs,

The Network of Global Corporate Control identified by Vitali, Glattfelder, and Battiston of ETH Zurich [http://arxiv.org/PS\\_cache/arxiv/pdf/1107/1107.5728v2.pdf](http://arxiv.org/PS_cache/arxiv/pdf/1107/1107.5728v2.pdf) is in receivership in the Global Debt Facility, a trust containing the world's monetary gold reserves and other wealth that is administered by the Bretton Woods institutions (see paragraph 6 of <https://s3.amazonaws.com/khudes/BILATERAL.pdf>

The Network of Global Corporate Control is refusing to accept this decision of the Board of Governors of the World Bank and IMF, as well as their decision for a global currency reset to replace fiat currencies with currencies minted from the monetary gold reserves in the form of aurum, <http://www.peakprosperity.com/podcast/84359/new-way-hold-gold> as well as local currencies issued by villages and towns. <https://s3.amazonaws.com/khudes/Twitter4.25.15.1.pdf>

Instead, the Network of Global Corporate Control thinks that humanity is too stupid to avoid another Dark Ages, like the one we experienced the exact same way after the Roman denarius was devalued like our currencies are being devalued with quantitative easing.

<us\$.png>

Mr. Wolfgang Struck, one of the authorized signatories of the Global Debt Facility, has requested me to pass his email on to Mr. Trump. Does Mr. Trump agree with the County Executives of America that the United States' international monetary gold reserves should replace Federal Reserve Notes before the United States is ruined by the Network of Global Corporate Control's engineered destruction of the Federal Reserve Notes?

Mr. Isaiah Leggett, the County Executive of Montgomery County, in which I reside, confirmed that the County Executives of America have accepted the monetary gold reserves on behalf of the United States of America <https://s3.amazonaws.com/khudes/lcountyexecutivesofamerica1.pdf> Mr. Leggett is President Pro Tem of the County Executives of America. <https://twitter.com/311MC311/status/623818084348993536>

Dear Wolfgang,

Good to hear from you -- I will pass this on to Mr. Donald Trump, and see what he does with it. I have a problem with the rest of your email.

As for which assets were covered by the Bilateral Minesfield Breakthrough Successor Agreement and the Global Debt Facility it established, this relates to all of the wealth stolen by the Vatican from the sweat of humanity's brow.

As for what you wrote that "Wolfgang Struck derives his authority from a false/fake source" what I have said is that Marcos was a genius, and he intended that the job of M1 would not be perpetuated, because he did not trust that a single individual could withstand corruption like he could. Therefore, what he did was to have many competing potential authorized signatories, and require them to be authenticated by the Bretton Woods' Board of Governors.

As for the documents you enclosed, UBS can't certify a can of beans in the Global Debt Facility without the Board of Governors of the Bretton Woods institutions.

Best,  
Karen

Dear Karen,

Do you remember Frank Green? He is on me now. I do not exactly fathom what he is after, maybe I am hoping he has a line to Donald Trump. Donald Trump could be egged up maybe to accuse former US President Gerald Ford of treason when he sold the Philippines to President Marcos in 1976\* for a measly 10,000 MT of gold which were neatly put 5,000 and 5.000 MT under WTC 1 and WCT 2.

It is on a different page altogether how the 10,000 MT disappeared and cannot be traced any more. Donald Trump would also act on or at least ask questions regarding the 170,500 MT of gold credited to Bank of Hawaii which we had already on our list of items to be dealt with and did not deal with, at least not properly.

I would personally love to invite Donald Trump, on his next visit to Manila, to a very nice hotel in the middle of Manila by the Bay and show him the swimming pool with 172,000 MT of gold below/under. That would once and for all deal with the grand lies of the "maximum 168,000 MT of gold that were ever produced since the beginning of mankind". Mankind has been conveniently stupid to believe that and it is a serious question whether mankind would wake up, or wants to wake up, or is generally able to wake up to change certain perceptions with the subsequent question whether we should, or should now, or should never tell mankind.

I do not really know where to put Donald Trump but, as you know, I am a Maverick fan, so I go with Maverick boss Mark Cuban and say:

[Mark Cuban: Congrats, Donald: You're best thing to happen to politics in a long time](#)

[Mark Cuban: Congrats, Donald: You're best thing to happe...](#)

Dallas Mavericks owner Mark Cuban took to his texting app Cyber Dust to talk more about his "buddy" Donald Trump. Recently, he called Trump a "Paper Tiger" who...

Dear Frank Green,

Thanks for your suggestion. Who then, if I may ask, sequestered 18.3 MT of AU in your opinion from whom in 1950 and where did that happen? Did that involve a bank or maybe two banks?

As far as I know, the Allied Forces signed an Agreement in 1950 (US President Truman signed THE BILATERAL next to Philippine President Quirino while Allied Forces Chief Commander Eisenhower signed next to Generalissimo Franco of Spain and the three Chinese strongmen Mao, Tsu En Lai, and Chiang Kai Shek.

The main issue then was the deposit of 400,000 MT of gold in trust for 50 years plus 5 years moratorium (maturity 2005) in the newly created Central Bank of the Philippines. That gold came from the Vatican and it has to be seen as different from the gold that was awarded in 1946 to the Jewish banks of London by the International Court of Justice (quote: "All gold found from buried treasure in the Philippines shall belong to the ORIGINAL CLAIMANTS OF WWII LOOT). It goes without saying that that claim of the

Original Claimants of WWII Loot died down without a pfffft after 50 years in 1995 to be replaced by a dubious [UNOITC.org Home](#)

Interesting reading, nonetheless, that's the way the Jewish banks want to keep their hands on the loot without moving a finger. Tell me the documents I have sent you so far are fake. They are not.

Hugh, I have spoken,

Wolfgang

The earliest dates I have are 1954 (Vatican) and 1959 (UBS), attached

Dear Frank Green,

I should be proud that you ask me that question. Do you maybe have information about me that I do not have? Is it because of what Karen Hudes stated\*? She has since said, somewhere, that Wolfgang Struck derives his authority from a false/fake source. She has found out, by-passing me, that Floro Garcia, the man who signed a few of my authorities to represent him, is a dumbo, no read no write, who was trained to do certain things but no more. She did not want and does not want to understand the whole picture and Marcos. Marcos is so complicated and yet so genius. It is not known to me that the US Treasury ever had gold.

Any idea what the GDF is like?

Subject: SCOTT BENNETT AND MICHAEL JAY ----24,000 BANK ACCOUNTS & DONALD TRUMP & LEGAL TEAM CONNECTION

Hi Karen, hope this e-mail finds you well. Thought I would send you this info, it's just an fyi  
Thanks Diane

This is good, 24,000 bank accounts, no doubt in my mind that it's tied to JFK, ISIS, 9-11, Oklahoma bombing, Fort Hood, Princess Diana death, Waco, financial crash of 2008 and the list goes on, too many to mention. Donald Trump Jr responded to a e-mail of mine said he will have his dad look at it in regards to Scott Bennett's information. The 24,000 bank accounts, e-mail address, dates, times, hotel rooms, accounts names that will expose many elites and who's behind this major corruption. We need to keep applying the pressure to these asses.
