THE RAINBOW FISH

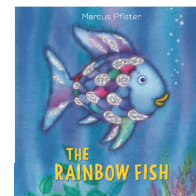

THE RAINBOW FISH tells the story of the most beautiful fish in the sea, whose scales shimmer in all the colours of the rainbow. Rainbow Fish begins to share his scales and the more he gives away, the happier he becomes. He learns that sharing brings happiness.

The idea of depicting the Rainbow Fish with shimmering silver foil was the first picture book of its kind to appear on the market. In 1992, **THE RAINBOW FISH** took the best seller lists by storm. To this day, over 30 million copies of the various **RAINBOW FISH** volumes have been sold worldwide, in more than 50 languages.

When little Nina was born, her dad Nick Farnsworth, founder of Little Sport Star, wanted to play sports with her. Lots of people told Nick that babies can't play sports, but Nick disagreed. With a few tweaks, squeaks and rattles, Nick started to make toys which were sporty and fun for babies. Nick called his brand Little Sport Star as it reflects the dreams and aspirations of lots of moms and dads. Little Sport Star has gone on to become one of our "break through" brands in 2017.
