“Off With Their Heads!”

Alice’s Grave Misadventures

part I

by gary mcgrew

The Bunnyman

OBJ

Beside an old tree, subdued with dry rot -
Alice pondered on how this disease the tree caught.

Although still alive, it'd begun to decay.
Invaded by fungi, its bark had turned grey.

Despite how it looked, Alice knew without doubt -
that the path through the forest, near it, would come out.

As a young child, in the forest she'd play
and occasionally do so past last light of day.

If not for this tree, now covered in moss -
Alice, might still wander 'round very lost.

The path she had walked just a few years ago,
was hidden 'neath bracken. (A hint not to go.)

"There must be a way for me to get in!"
The edge of the forest she searched once again.

Though seemingly stagnant, the air made a sound -
like something that's falling, about to hit ground.

The breaking of branches caught the ears of the girl -
and her skirt lagged behind, when around she then whirled.

There was no shadow cast - so, it must have been noon, *

Alice had fallen right out of the sky and found herself someplace where the dead would not die! The rabbit she followed, she'd never outrun! Alice's adventures no longer were fun. Around every corner, in every direction, was someone the Queen sent to spread the infection.

In "Off With Their Heads!"; Alice's Grave Misadventures Part I, Alice meets a man who appears to be dressed in a bunny costume, but this wardrobe misconception soon has her doubting everyone she meets. Foolish girl! Never follow a bunny-man anywhere! Especially to a place inhabited by the undead!

Like many of the author's tales, this series will remind you of the childhood stories you once read, while at the same time proving that just because something rhymes, doesn't mean it is intended for children.
