SETTING

SCENE ONE

(BLERDS' COMICS and CAFÉ is a bastion of sci-fi geekiness; a hub for geekologists to pontificate the works of Stephen Hawkings, Stan Lee, J.K. Rowlings, Tolkien and Octavia Butler. This quaint little comic shop is the only place in the beleaguered neighborhood where vigorous debates precede manic battles of Magic: The Gathering card games.

The decor of the store is geektastic!

In the middle of the room stands a life-size cutout of Neil deGrasse Tyson facing an even larger Xenomorph replica from the movie Alien.

Plastered on the walls are comic books in sleeves, boxed action figures, obscure posters of Troma films, and a picture of a young Ty, Lexi, and their father dressed to impress at a Comic-Con convention.)

TY (OFF STAGE)

You want a war? I can give you a war you frakin' Nerf Herders!

(LEXI, an African-American woman garnished in a Sith Lord robe, and COLLIN, a white male sporting Star Trek regalia, watch as Lexi's brother TY drags a cut-out character into the shop, fuming.)

TY

Those Hogwart dropouts can eat shit and die! And I hope a Xenomorph finds their decaying bodies, frak their unpatriotic mouths, and impregnate those bastards with triplets!

LEXI

Someone is not feeling very Disney today.

TY

I want to force-choke the shit out of those urban degenerates. Look at this!

(Ty models the graffitied cardboard cut-out of George Lucas that reads, "#BlackLivesMatter.")

TY

They Michael-Bayed my sign. Again.

LEXI

Is it really that serious?

TY

Is it really that serious?!

COLLIN

Dude. We have like, three Georges in the back.

TY

And two of them are in frakin' sickbay with Dr. McCoy because of those assholes!

COLLIN

Those assholes, asshole, have been doing the dirty work of democracy for nearly five hundred years with whips on their backs and billy clubs upside their heads. It's time for a change.

TY

You two seriously need to stop watching the Rachel Maddow Show.

COLLIN

And you need to tune into the revolution!

TY

I can't believe you are actually justifying their actions.

COLLIN

Because we need to embrace this movement like it was a Princess Leia action figure.

LEXI

Dude.

COLLIN

It's only awkward the first time.

LEXI

Eeewwww.

COLLIN

But for real, we got to do something-- because that shit that went down last night has got to stop.

LEXI

You know what we should do?

COLLIN

What?

LEXI

Put up a sign.

COLLIN

Black Lives Matter.

LEXI

Let them know we got their back.

COLLIN

That sounds superlative like a mofo. What do you think, Ty?

TY

You must think I am crazy.

COLLIN

We're all a little crazy.

TY

We sell coffee and comics, not some Afrocentric, mumbo jumbo cop-hating rhetoric.

COLLIN

So, no banner?

(Ty doesn't respond.)

COLLIN

It kind of feels like I'm being ignored...

TY

I'm not going to advertise their hate for this country.

LEXI

Do you know who they are? What they do?

(Ty holds up the defiled George Lucas.)

TY

I see what they do!

COLLIN

Then you know they are trying to hold the police accountable for the murder of that boy.

LEXI

The fourth black male they shot down here!

COLLIN

This year.

LEXI

And it's only April.

COLLIN

But you don't care.

TY

I care about cops being able to do their job effectively.

LEXI

They're not doing their job!

COLLIN

They are using black males as target practice!

LEX

That's straight-up murder!

TY

Why did they shoot him?

(Beat.)

You don't even know. You just drank Jim Jones' Gillywater like all those other stupid muggles who can't think for themselves.

LEXI

(Sarcastically.)

I can think for myself.

TY

And you think it's a joke?

COLLIN

Are you referring to your stand-up Fox News routine?

TY

There is nothing funny about following a sick and perverse terrorist organization.

LEXI

Terrorist organization?

COLLIN

Really?

TY

They are destroying this country. Killing our cops. Creating anxiety and fear and dividing this great country of ours. That's a terrorist organization.

LEXI

And we came out the same vagina?

COLLIN

You're looking at the BLM the wrong way, Ty.

TY

And how should I look at them, you mentally-challenged Tribble?

COLLIN

Through the eyes of a Hobbit.

TY

Huh?

COLLIN

Lexi, engage warp engines, we are taking a trip to the Shire.

LEXI

Aye aye, captain!

(Ty turns, ready to leave.)

TY

This is getting ridiculous.

COLLIN

Hold up, hold up, hold up, don't leave just yet.

TY

I am getting dumber by the minute listening to you guys.

COLLIN

Just check it out.

TY

Hurry up.

COLLIN

Here is my theory.

TY

Will you just--

COLLIN

The BLM and the fellowship are one and the same.

TY

Really?

COLLIN

That shit is profound, huh?

TY

Danger, Will Robinson, danger.

COLLIN

Think about it. Both the Fellowship and the Black Lives Matter formed an organization--

TY

You mean militia?

COLLIN

"Organization" to counter a rising tyrannical and oppressive regime.

LEXI

The Fellowship was like the ACLU of Middle-earth.

TY

Wow.

LEXI

Check your incredulity at the door, sir... Collin, please continue.

COLLIN

I shall. I know this all sounds like crazy-town to someone as esteemed and cultured such as yourself, Sir Watson, but I'm telling you, there are so many wicked similarities between the Nazgul, the Orcs and America's police force that when you hear it, you're going to feel like your mind was incinerated by the Wave Motion Gun.

TY

I can't take you seriously... You're actually telling me, with a straight face that Frodo's plight to destroy the ring has now turned into a metaphorical critique of police brutality?

COLLIN

The ring is an allegory for the badge, my friend. Both of them represent corruption.

LEXI

One badge to rule them all. One ring to destroy.

TY

I'm done with you.

COLLIN

I'm telling you! The BLM and the fellowship kind of faced--

LEXI

Are facing.

COLLIN

Excuse me... Are facing all these crazy genocidal institutions with Ron Jeremy-sized hard-ons for absolute power.

LEXI

Preach!

COLLIN

You got the Seattle Police Department taking orders from Saruman. Saruman jerking off a bunch of shady congloms. And the congloms raw-dogging government officials in the back alley while creating policies to keep the marginalized fraked up.

TY

You dumbass sleestacks.

LEXI

Now we're sleestacks?

TY

Do you really think the BLM are heroes? That they are doing good for our country?

LEXI

Yep.

TY

Let me ask you something.

COLLIN

Listening.

TY

When a black man kills another black man, why doesn't the BLM hold press conferences? *

A black nerd with conservative values faces an existential crisis when he learns that the African-American boy he sold a toy gun to was shot and killed by the police. As the neighborhood erupts in violence, Ty must make a decision to flee for his safety or protect or his comic shop.
