Brood War

A new generation

Eder Cordova

## Prologue

I personally think that the fantastic stories help us to see life differently, fantasy is a beautiful ability of humans to create things that are not based on their ideas, in my opinion is a worthy magical gift to admire and follow every day we dream we live in our minds some kind of fantasy unintended but often desirable.

Tyler also discovered that it is someone important in the era, you will discover the power of love and friendship in a fascinating adventure, perhaps, the circumstances leading to face unfamiliar situations and new for the three races that inhabit the earth depend on their strength, their determination, their sense of hope.

## Dedication

A God I appreciate the opportunity of life and health to develop a literary work, Eglis Navarro and Luis Cordova my parents for their efforts to give me a proper education in addition to always encourage me to go ahead, my daughter Elena Cordova to be the flame that ignites my mornings with his antics, my beautiful wife Laurent Troconis for being my unconditional support, as the woman who keeps me breathing love, she began transcribing my writings and formalize to be a literary work.

Thanks to my niece Estivalis Diaz for being the first fan of this book, she encouraged me always to write the next chapter, we often talk hours about the characters thereof, without interest would have been impossible to continue, my nephew Edivis Diaz by support me with drawing artwork book also read it to me, my sister Maria P. Troconis to be another of the fans of this work from the beginning.

## Chapter 1 Tyler's ALERE

The overwhelming overwhelming cold night makes neighbors of a long street, start going inside their homes for heating and house their bodies.

Among the gnashing of teeth, people shivering and an almost relentless weather, the street is running low, however, one of the largest houses in the neighborhood resister of the other, is home to the Meyer family is apparently holiday, laughing and joking barbecue smoke is lost in the air while they eat and drink all ignore the low temperature which makes condensed water vapor exhaling.

Time passes cold and dark to be heavy and intriguing when the sharp sound of bells is heard in the distance, this noise paralyzes the laughter of those unaware Meyer left alone outside his home.

Three shadows reflected away by the light of an old lighthouse, on the other side of the house look out sooner than usual, three silhouettes appear on the scene, the first of the silhouettes is a white male of medium size of about 1.76m high, shoes jeans brown shoes which colored hanging curious bells red to solve the mystery of the sound, this man is dressed in cargo pants brown a bit wide, a beige shirt stuck to his body and an open brown coat that reaches her ankles, the neck of this hangs an old chain with a characteristic said having a pentagon with seven lines with forms of claws punched in native Orama, the locket is such an intense red like crimson eyes of this man is fixed and reckless always to the front, behind this strange man just two meters away approximately they take forms two silhouettes of tall subjects that this first man, both dressed in black jackets that barely cover her knees the rest of the clothing and footwear is very similar to the first single man in black, however chains these men have charms in the same way but light blue, the three men walk serenely though the two are they look back quietly around as making sure everything is in order.

Seconds later these men are going in front of the house of the Meyer family gasps and silent, everyone stays in their chairs barely breathing and staring at the floor even the guys are stumped; in the midst of trouble Meyer one dares to walk and goes to the same place as the men, Jhonny Meyer is a robust man of about 50 years.

In the distance, one of the houses of the neighborhood is strangely surrounded by some cats on the roof, a beautiful cat black color begins to be transfigured to take the form of a beautiful brunette lady straight hair black, she stays Squat knees staring into the room in front of the roof, after two minutes the three men come to the house and remain unsaid unemployed words against it, Jhonny passes through the side of these men without even looking at them, but the two men dressed of black react at the time and try to go after him, when suddenly this man dress Brown says softly:

- We have not come by! Everything in "Court" has its time of trial.

Jhonny, who stopped to see the attitude of those men and having heard the words of Bruce says without turning or looking at them.

- Did dare disobey a direct order from a developer Level 1? Go as things have changed in court, I do not want you to misunderstand anything Bruce, I do not intervene in the delivery of "ALERE" Tyler behooves us all to return to court.

- You're the same as always Jhonny, then we'll talk.

- Not yet but we will surely remember looks and lets look. - Refer Jhonny

Jhonny goes without saying other words, is the home of Miller.

- Forgive me for entering without knocking, friends of Bruce made the atmosphere was a little tense and my mind went elsewhere.

- Quiet Jhonny Thanks for always supporting us, I will go to receive the ALERE Tyler, make yourself comfortable, Janet will serve coffee, the kids are in their rooms.

Mike after talking to Jhonny up to the room of his son Tyler and sees the girl who had transfigured before on the roof, it is outside the bedroom door Tyler with a beautiful box the size of a cigarette box in his hands, when he sees coming to Mike curtsies and extends that box of brown wood with four legs gold with a Roman drawing.

- Thanks Katrina, tell the Judge Ryan that everything will be fine, we will all be in court soon.

- My respects Developer Miller, forgive have trespassed home.

- Do not worry, I'm almost used to! - Mike says as he smiles.

Mike floor with the box containing the ALERE while listening to Janet and Jhonny are laughing.

- Janet let's take care easy and laugh rather not know what will happen when Tyler begins to go to court.

- What do you think about that Jhonny?

- My people are ready to defend our families, we trust Tyler and his upbringing, the road will not be easy but we will make judged to be confirmed as the balance of the world, and Mike is one of the most popular developers of court, so you must have many followers that although it is true that not betray the judge is also true that Mike will support somehow.

Janet hugs Mike blushing and looking at Jhonny says his head, the night spent in the home of Miller, Jhonny falls asleep on the couch in the living room of their friends, Janet to her bedroom goes to sleep, Mike subsequently up from his chair to go to bed and talks to Jhonny while he sleeps saying that this time not let him fight alone because he is his friend.

The heaviness of a peculiar atmosphere draws a delicate cold night, while a shower of stars marks the beauty of God's creation, all dumbfounded contemplate the phenomenon that has already been announced by the media, Tyler alone in the middle of an alley looking at these people out of their homes, slowly time becomes stranger and decides to walk without any direction in particular, whenever the guy takes a step respectful glances of some people with decisive traits in his eyes and his hands make your mind is seeking an answer about what is happening, feelings begin to be more anxiety than fear, you do not understand that such beings are apparently different human eyes.

Amid the despair he seen in the distance a face that does not know but it seems familiar, this raises confidence inside, that face is Thea a white girl with dark hair wearing a dress worn perhaps to some ceremony she is simply angelic, Tyler without reasoning runs to her with an impetuous speed, faster and faster approaches Thea, about two meters away in front of her stops, their eyes meet as if they loved, after a moment of deep romanticism she begins to laugh with him, like old acquaintances hand holding looking slightly up, when suddenly everything stops, a notorious and long breath like a hound scenting their faces, more than 40 men with faces serene look and a surprising smell challenge the silence of the night and one of them with notorious teeth, claws and superhuman strength pouncing on Tyler and attacks while others around him without letting him escape, attacked several times is heavily wounded after this looks down her body on the floor and a distinctive collar illuminates for 5 seconds before shutting down forever, Tyler begins to scream for help when suddenly wake up sweaty and scared, it is thought for a moment believes his repeated sleep is incomplete, feel the need to investigate what happens, he gets up goes to the mirror in her room to wash his face, still numbed note an anomaly in the color of her eyes, falling into account his nightmare ignores what you just saw, he awarded the fact the bad night he has lived; decides to take a shower to go to college then down to have breakfast and then:

Janet a white lady curly hair about forty-three years old is having a cup of hot chocolate sitting on a chair in the kitchen, she looks up, her face takes on a life and a charming smile is the preamble of congratulations his son, then congratulates raised voice and asks how he slept that night, Tyler gives him a big hug while smelling the hair of his Mama and says he has used his shampoo Strawberry, invites you had a dream a little strange to be his birthday but expect a good party next Saturday, girls and gifts to calm their desire to "sniff new smells."

Tyler kisses her mother's forehead and burns with joy as she feels her husband who come suddenly bursts on the scene with an air of anger. - Mike a man medium athletic build your child goes shakes his hand to congratulate him while asking about the issue of sniff, Tyler apologizes with a smile on his face tells his father that he is not talking about drugs, which in fact he has not even thought of that thanks to the breeding and culture of their parents about being a correct citizen. Tyler also includes his father in the embrace of her mother.

- I think it's a matter of vocabulary and expressions child. - Adds Janet.

- They mom why not make this a scandal, also my birthday is it not? Today we celebrate the coming of the university and the night will be for me, is not it dad?

- That's right, but try not smell so much and open your eyes.

Tyler says goodbye leaving the scene amid laughter, while downstairs knocks on the door of the bedroom of his sister Cameron, who listens to loud music ...

- Cameron opens the door, it's getting late!

- I'm coming stop bothering, it is still too early!

- Okay, take whatever you want, just as I do not think you can look as sexy as Megan ... I do not think Steve notice you, would be a very far-fetched couple. - Tyler's laughter covering the house.

- I'm going to break your face before you can apologize.

Tyler comes to dining, turns and sees something coming fast toward his face, he is a basketball that has launched him his younger brother John straight in the face, seeing that is very close just closes her eyes and takes the hit.

- I do not think it's the best gift in the world but surely wake you.

- Those caresses not wake anyone, but I need money so we bet our counters with this ball game 9 points what do you say?

- Okay \$ 20 will not make a difference in my savings.

Both they go to the backyard of the house bouncing the ball, pass to the other side of the heavy glass door with difficulty moving between the two.

- I do not understand why the door is so heavy. - Says Tyler.

- Are we going to talk or to play dear brother?

- Neither brother, I will take away your allowance because I need your money.

- I don't think so you have to work hard for winning to me.

Tyler and John play a boring game that Tyler easily wins while his brother chasing him around the yard trying to take the ball.

- 9-3 advantage for the big Tyler Miller on his little brother rude. Tyler blurted

- I promise I'll play again this afternoon, I will not take no for an answer.

- Take I think you do not deserve but a matter of tradition that the eldest sister something to regale his little brother on his birthday.

- A rolex? God! I shut the door more often this car is the most beautiful, functional and expensive gift you have ever given me, I love you little sister ... They both laugh for a few seconds, now if you have to run late Tyler adds.

Cameron placed her hand on Tyler when he takes the lever ...

- No no no no, First music.

She turns the car audio player and put some rap at full volume and the two go to college.

### Chapter 3 The Court

It rains heavily on the outskirts of the city, a beautiful landscape even in the rain rises impetuously between two large mountains, a huge castle with seven towers remains upright after hundreds of years, large bricks up its strong walls of which stand two balconies for each tower, each of them is a Orama, all uniformed and look to the horizon watching a sign of pride and respect for what they do.

The entrance to the castle is a long rocky road full of flower petals, wind and rain began to cease, a shining sun breaks through the clouds in the day seems to be blessed by God.

Just outside one of the rooms of the castle seven Oramas are sitting, each representing the original clans of this race, they are:

Salpiose of Greek origin Nequeida a white man with short hair brown color, athletic body, a little more than others, heir to the plero speed.

Charles Matsu of American origin, a man Salpiose lower than about 1.95m tall with blond hair, heir to the plero of force, Charles is the only heir who has managed to defeat a judge.

Minka Croto of Polish origin, a beautiful young girl with long reddish hair with a strange scar on his right eyebrow, heiress plero jumps.

Anius of Iatsu a dark man of African origin with blue eyes and average height heir plero Vision.

Shoubin of an Asian man Ghum low stature plero heir camouflage, Shoubin is also the advisor to the judge.

Lottis Jazem of Arab origin is a tall woman with short black hair, heiress plero of hypnosis and telekinesis.

Juan of Jumker of South American origin, a man of cinnamon skin heir plero youth and healing.

Gradually you approach that room, the girl went to the home of Miller to deliver alere Tyler, she is looking down while arriving and finding against 7 heirs bows and asks permission to enter .

Anius of Iatsu lets Katrina story in which is a good allegi from the Oramas at the same time informs him that can happen, that Judge Ryan has been waiting for.

Minka one of the heiresses plericas raises his voice.

- So we meet the Son of promise, the person who will bring balance back to our world! Hahahaha

- Minka are many words for a Orama of the nobility. Add Anius.

Minka stop talking looks at Anius, he looks up, slowly turns his back, take a good air space, inhale, exhale quickly, looks with outrage.

- Anius, Anius ... Nobility is the one that takes you away from perfection to control 7 pleros.

- The seven pleros can only be controlled by elected judges and still predominates plero of his clan.

- That's what I tried has told us for years.

While they speak Jazem gets up and takes a step forward, without opening his eyes, begins to concentrate and gradually raises both arms, stretching out her hands as if addressing those who speak, John tries to get up in the moment of tension which is not have noticed Minka and Anius, however hand Shoubin stops finally Jazem opens his eyes and down his hands, Minka and Anius

fall into account what happens surprised when suddenly Jazem placed her hands on his shoulders and smiles staring and whispering.

- Nobody wants a bad impression any of the 7 pléricos heirs, forgive Katrina goes ahead takes.

Katrina goes ahead with downcast eyes, gradually turns to a white door and manages to touch her 2 times, when someone opens it, then a soft smell of peace comes from within, breeze from the room lulls all they are outside, a bright light begins to decrease and at the bottom a shrill voice is directed to Katrina:

- Welcome Katrina tell the family heir and his growth as a teenager.

Katrina jacking his right to the floor knee and lowers his head to go to Judge Ryan, but the look of the allegi rises by inertia and begins to contemplate the throne of the Judge, who is sitting in an old and polished white chair surrounded by table semi-curve, at the head of the chair is engraved the symbol of the Orama and behind that chair seven beautiful pillars, each of them has woodcarving symbol of each plero representing the skills of Orama, they rise Katrina returns itself and ...

- Excuse distraction His Majesty had never been in this beautiful room.

- Anyone entering this room can first be stunned with its decor and history, tell me how did it go?

- Your Majesty, above all thanks for letting me talk, thank you very much also for the honor of serving as a tool to bring the ALERE Tyler, the mission has been carried out smoothly, the parcel has been delivered; Miller about his power is intact, I could feel his strength and love.

- What about the others? They have allowed to see?

- No my Lord.

- Okay Katrina, you can go for now.

- Thank you my Lord.

Katrina leaves the scene and leaves the room, though its scent remains concentrated in the lucky break of Ryan ... toc, toc resumes the great door of that room when Ryan goes to his goalkeeper.

- Let her go Jim.

- As you say, my Lord.

- Ryan! As is ... - Add Minka with insulting tone.

Shoubin manages to enter and interrupts Minka aloud.

- My Lord, forgive the audacity to Crotos, she's just a little nervous about the arrival of Miller guy.  
says Shoubin

- The Ghum have been synonymous with respect for generations, she calls all heirs and developers of level one to a meeting in the celestial room in an hour.

- So will My Lord, Let Minka.

- For now I just take orders from Ryan, convenes the meeting Shoubin after all was an order.

- Okay Shoubin go and fulfill your mission.

Shoubin leaves the room to inform the heirs that there will be a meeting Jazem helps developers to call level one by using telekinesis, while in the room ...

- Ryan know you're not the only judge in the world and that makes you vulnerable.

- Disregard of Crotos is something that does not reach the mercy of the nobility, but will clarify your doubts, there are 4 courts in the world and each judge seeks peace of the 3 races keep the Myrodias truce and humans alike Thus, the vulnerability is something we are all exposed.

- No such power stops to gain ground, just think of the Kings and Presidents. \*
