Ready to take your business to the next level? Find out everything you need to know about caring management with this practical guide.

In contemporary management literature, there is an increasing focus on the human side of management, with particular emphasis on emotional intelligence and empathy. This trend towards caring management is all the more important now that colleagues from different generations, with different expectations for their jobs, are working together. It will allow you to foster a positive working environment and get the best out of employees of all ages and backgrounds.

In 50 minutes you will be able to:

• Take a caring approach to management that is consistent with your personal values

• Understand and cater to the needs of colleagues from Generations X, Y and Z

2022; Understand the behaviour of your colleagues and adapt your own behaviour in order to encourage a caring and harmonious work environment;
