'What else is woman but a foe to friendship ... a domestic danger.' These words, taken from a biblical commentary by St John Chrysostom, are frequently quoted in early modern literature, showing that sexual morality was central to the patriarchal society of sixteenth- and seventeenth-century England. In this fascinating and original book, Laura Gowing considers what gender difference meant in the practice of daily life, examining the working of gender relations in sex, courtship, marriage conflict, and verbal disputes.

Uk taxi test - You might remember Babe.net as the women's website that shot that story hit, Babe.net was rocked by a workplace sex drama of its own. from the London Review of Books.
