Dear Astrid Schomaker, Executive Secretary of the Convention on Biological Diversity

RE: Peer review of the draft global report - Global review of collective progress in the implementation of the Kunming-Montreal Global Biodiversity Framework

On behalf of the Zoological Society of London (ZSL), I hereby endorse the peer review comments submitted by ZSL on the review of the draft global report on the global review of collective progress in the implementation of the Kunming-Montreal Global Biodiversity Framework.

ZSL is a charitable non-profit organisation whose object is the advancement of Zoology and whose vision is a world where wildlife thrives. ZSL's objects and vision are realised through ZSL's Institute of Zoology, research programmes, conservation projects worldwide, and two Zoos (ZSL London Zoo and ZSL Whipsnade Zoo). ZSL has a history of working with the CBD process and consistently attends and supports the negotiations as an observer organization.

I therefore endorse the submission to the Peer review of the draft global report.

Yours faithfully,

Kathryn England

CEO, The Zoological Society of London

We're ZSL, an international conservation charity, driven by science, working to restore wildlife in the UK and around the world

ZSL is a charity registered in England and Wales no. 208728.
