First Draft Global Report

Attention: GBF Global Review Team

Subject: First Draft of the Global Review comments

Dear team,

On behalf of Reverse the Red, an international action partnership committed to halting extinctions and recovering threatened species and supporting countries delivering GBF target 4, I'd like to first say thank you for all of your work coordinating, organizing, and leading this effort. It's incredibly important and very difficult.

I can confirm the validity of the comments Reverse the Red Action Partnership has submitted. I can also confirm our Action Partnership's commitment to supporting countries with strategy, coordination, and implementation to demonstrate increased meaningful progress toward delivering Target 4 and Goal A. Our comments come from the experience supporting eight pilot countries as they work to develop and implement their Target 4 strategies with coordination between government and civil society.

We are available for any follow up or support needed.

Thank you and together, we can Reverse the Red.

Strategy Director, Reverse the Red Action Partnership
