April 2008 Newsletter

Great news! The spring workshop will be Friday, June 6 through Sunday June 8. Dr. Daniel Handel will be **speaking Friday and Saturday** regarding the use of hypnosis for pain management and psychosomatic issues **found** in clinical settings. Dr. Handel is with the National Institutes of Health. He is nationally and internationally known and has authored several books, chapters, and journal articles in this area. More information will come so save this date on your calendar. It will definitely be worth your time and give you the required 20 hours of hypnosis training to meet the requirements of ASCH.

Our next meeting will be:

April 30, 2008 at 7:30

Wednesday 7:30 – 9:30

Redecision Therapy with Dr. John Gladfelter

Dr. Gladfelter is a well-known and respected psychologist, clinician and teacher. He is in private practice and on the faculty of Fielding Graduate University. His journal articles demonstrate his unusual clarity in the area of psychotherapy. This evening bodes to be a powerful evening providing an overview of Redecision Therapy and effective innovations.

CEU's are offered at all meetings. There is a \$10 fee for nonmembers.

Attendance is restricted to professionals with a minimum of a Master's degree in a health-related field and to students in a program that is expected to conclude in the same.

Tom's Book Shelf

Discover the Language of the Mind: The Hypnotist's Guide to Psycholinguistics by P.K. Porter, Ph.D. This book adds the elements that one would find in any text on Neuro-Linguistic Programming (NLP) to hypnosis. Dr. Porter's worthy contribution is his use of techniques using creative approaches in treatment. A good addition to your bookshelf.

If you have not already sent in your membership renewal, please do so now! (see other side)
