**Tournament Fees:**

Tournament fees will be paid for and collected by each team. Each player will give \$75 to the team mom or coach by December 15, 2017 to be used to pay for tournaments (approx \$75 per Aloha Region tournament – paid on tournament day). When the team's tournament fees run out, every player will deposit another \$75. If a balance remains at the end of the season, the fees will be distributed equally back to the team. If the team chooses to participate in the AAU Champions league, cost was roughly \$650/team last season and that may be collected separately as this must be paid upfront.

This year we will continue to enforce "no pay, no practice or play" policy so please make your payments on time or contact Alicia for more options.

If you make our team you have the option to travel or not. Traveling expenses are not included in Club Fees.

If you have any questions, please don't hesitate to contact me.

Thank you!
