DEEPEN DESIGN WITH COLOR.

Color is crucial to how your siding presents itself. So we pay a lot of attention to what's trending and what works. Choosing your own colors can be fun, but a bit overwhelming. So we created a color combination tool to help. Get ideas and tips at royalbuildingproducts.com/color-style/royal-color-combinations.

We develop our wide range of colors to fully express design when they're fresh, and years down the road, engineering our siding pigments to deliver vibrant curb appeal, resist fade and fend off elements day after day.

- Our proprietary Chromatix® technology color protection effortlessly maintains the look you create in a challenging outdoor environment.
- Infrared-reflecting pigments reduce heat buildup
- UV formulation with mineral-based pigments keep siding colors from fading
