The Kansas Leadership Center

In just over a decade, the Kansas Leadership Center has established itself as a top destination for leadership training, attracting not only thousands of Kansans but also participants from across the globe. Come learn why our participants have called our training “life-changing.”

“These adaptive leadership competencies work anywhere I’m willing to practice them – work, community, even family. I’m seeing progress where I used to just see barriers.”

LISA MAY SIMPSON

Director, Education
Forefront

“After attending KLC, I am taking their principles and tools to an entire division of our company and trying to reinforce to all levels of workers in our construction company that anyone can lead, anytime, anywhere.”

DAMON YOUNG

Vice President, Mahoney Roofing Co.

“The Kansas Leadership Center has given us a new outlook on leadership. Our goal has been to use the Leadership Principles to create a sustainable leadership program for our bank that is built on common language and values. We are seeing results and are very grateful for the support we receive through the KLC.”

KATHY YOUNGQUIST

Sr. Vice President,
Human Resources
First State Bank & Trust

KLC trainings allow you to fully engage in four elements of optimized learning. It's not enough to just learn these skills – we want you to practice them in a supportive environment and leave with a plan.

“KLC helped me reflect on my leadership abilities, connect with incredible people, and build my ability to effectively tackle tough challenges.”

AMANDA GRESS

Director of Government Relations,
Kansas Action for Children
