Hematologist
LOCUM
May 1, 2015 – November 1, 2015
Competition # 75-15

The Department of Medical Oncology and Hematology, CancerCare Manitoba (CCMB), Winnipeg, is seeking a locum tenens Hematologist who would have a main focus on lymphoproliferative disorders, including myeloma. The Department of Medical Oncology and Hematology, CCMB, consists of 37 faculty members based at the two CCMB sites located at the two university affiliated teaching hospitals, the Health Sciences Centre and St. Boniface General Hospital.

Qualifications: This is primarily a clinical service position, with a focus on myeloma, lymphoma and general hematology. Candidates must have specialty qualifications in Internal Medicine and Hematology in the country of current practice and must be eligible for registration with the College of Physicians and Surgeons of Manitoba. Certification in Hematology by the Royal College of Physicians and Surgeons of Canada is preferred. Remuneration will be commensurate with experience and qualifications. CancerCare Manitoba encourages applications from all designated groups including women, visible minorities, Aboriginal peoples, and persons with disabilities. All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.

Salary: As per Physician’s contract

Interested candidates are encouraged to submit a letter of interest, which should include a description of research interests and experience, and up-to-date curriculum vitae, with three letters of reference to:
