

MEDICAL ONCOLOGIST
Margery E. Yuill Cancer Centre (MYCC) in Medicine Hat, Alberta
CancerControl Alberta, Alberta Health Services

CancerControl Alberta in conjunction with the University of Calgary, are seeking a **1.0 FTE Medical Oncologist** to start immediately at the Margery E. Yuill Cancer Centre (MYCC) in Medicine Hat, Alberta.

The successful applicant will become a member of a multidisciplinary cancer program located at the Margery E. Yuill Cancer Centre (MEYCC) site in Medicine Hat, Alberta, and will join a team of medical staff, Nurse Practitioners and medical support staff working in the South Zone.

The MEYCC in Medicine Hat is one of four Regional Cancer Centres within CancerControl Alberta's Community Oncology portfolio. Serving Southern Alberta and Southeastern British Columbia and Southwestern Saskatchewan, the centre delivers a wide range of state of the art treatment and care to cancer patients. Cancer care practice at the MEYCC is centered around 7 major tumor groups with rarer tumors managed in conjunction with consultation and expertise from the tertiary centers in Calgary and Edmonton.

The MEYCC operates within a provincial framework for cancer care supported by provincial clinical guidelines and standards, focused on patient centered care. Medical Oncologists are expected to participate in local and provincial tumor team based activities including clinical case reviews at tumor board rounds, annual, provincial tumor team meetings, local quality assurance and quality improvement initiatives and educational programs and are supported by a network of Medical Oncologists province wide.

Medicine Hat is a growing community of 63,260 people in southeast Alberta. Located 169 km east of Lethbridge and 295 km southeast of Calgary, Medicine Hat and the adjacent Town of Redcliff are surrounded by Cypress County. Often described as an oasis in the midst of the prairies, the historic city of Medicine Hat makes a good base for day trips and is an Alberta destination worth exploring.

Qualifications include an MD, certification in Internal Medicine, special competency in Medical Oncology (or equivalent), and eligibility for licensure in the Province of Alberta.

Medical Oncology practice at Margery E Yuill Cancer Centre is disease site oriented. The successful candidates focus would be the care of patients affected by the more common malignancies, including lung, GI, GU and Breast cancers.

The successful applicant will be expected to deliver excellent patient care and must be eligible for licensure in Alberta and must have obtained Fellowship in Medical Oncology from the Royal College of Physicians and Surgeons of Canada by the time of appointment.

Please submit a curriculum vita, a statement of career goals and the names of three referees to:
