

## FAMILY READING PROGRAM END OF THE YEAR INVENTORY

**To all Facilitators/ Coordinators/Mentors:**

Congratulations on another successful academic year!

Most of you are probably close to finishing the 30 week book rotation for your Family Reading Program which means it is time to reorganize, reorder and regroup to make sure things will be right where you left them when you come back next year!

To help you bring your year to a successful finish please take a moment to inventory your materials. We have an end of the year inventory and a reorder sheet available for you on our website. You can download both by going to: [www.BilingualFamilyReading.com](http://www.BilingualFamilyReading.com) The forms are available under the "Forms" tab on the website. The forms are named "Year End Inventory & Reorder Sheet".

I am always available to help you. Please call me with any questions, concerns, or suggestions.
