Wednesday Evening Classes

January 13th - May 12th, 2010, 7:00 PM—8:15 PM

In the Beginning: Science and Genesis 1-11 ROOM W-10

Led by Rich Akin—In this "Year of Darwin", atheists have loudly proclaimed that science disproves the existence of God and missiologists indicate the "theory" of evolution has become one of the greatest barriers to the Gospel. This course demonstrates, in an easy to understand manner, that science rightly viewed is in fact in concert with the clear teachings of the creation and catastrophe events set forth in Genesis. Those completing the course will receive the related lecture notes and PowerPoint presentations for future reference. Bring your Bibles!

The Doctrines of Grace, by James Boice & Philip Ryken ROOM W-11

Led by Robert Fraire—There is no question that we live in an age of weak theology and casual Christianity. The evidence of the blurring of our faith and culture is everywhere. Two noted pastors not only provide a compelling exposition on the doctrines of radical depravity, unconditional election, particular redemption, efficacious grace and persevering grace, but also look briefly at their historical impact.

Book sold only on the Book Table between Sunday AM services.

Friday Morning Men's Class

January 15th—May 14th, 2010, 6:15 AM—7:15AM

Craftsmen, by John Crotts *Overflow*

"Craftsmen" is designed to help men understand Biblical wisdom, to see Jesus Christ as the embodiment and source of wisdom, and to apply that wisdom to the God-given role of husband and father. **Book sold only on the Book Table between Sunday AM services.**
