An Easy Bow-Making Template for Your No-Sew “Quilted” Ornaments!

Instructions:

1. Print this page at the **actual size** (100%) on 8-1/2" x 11" plain paper. DO NOT use settings that re-size the page, such as "Shrink to Fit" or "Fit to Page." When printed, this box should measure 1" x 1".
- 1" x 1"
2. Cut out **ONE** template along the dotted lines. (*The second template is just an extra, in case you need it later.*)
 3. Glue or tape the paper to rigid material (such as cardboard, chipboard, cardstock, plastic, etc.).
 4. Using the paper as your template, cut out the shape.
 5. Using the 3-1/4" side of the template, you should be able to create 7 loops with a 24" length ribbon, with little to no excess. (*If not, you can trim the edges of your template a tiny bit.*)

Bow Info & Tips:

- Ornament bows for 3" round no-sew “quilted” ornaments are often made with 3/8" or 1/4" wide ribbon.
- Many Ornament Girl kits and patterns include ribbons for bows with a standard length of 24".
- For a 3" round ornament, try using the 3-1/4" loop measurement. Or, for a ‘staggered’ effect, try making the first bow with the 3-1/4" loop measurement, and then create a second bow using one of the smaller loop measurements.
- For some ornament shapes (like eggs, hearts, or discs), you may find the 2-3/4" loop measurement to be a better fit.
