

Howard Johnson's Dithiopyr Plus Fertilizer

Page 1 of 5

Section 1: Product Identification

Product Name: Howard Johnson's Prevents Crabgrass Plus with 0.06% Dithiopyr

Howard Johnson's Crabgrass Preventer Plus with 0.06% Dithiopyr Howard Johnson's Prevents Crabgrass Plus with 0.086% Dithiopyr Howard Johnson's Prevents Crabgrass Plus with 0.107% Dithiopyr Howard Johnson's Prevents Crabgrass Plus with 0.13% Dithiopyr Howard Johnson's Prevents Crabgrass Plus with 0.172% Dithiopyr

Howard Johnson's Dimension® 0.25% Plus Fertilizer

EPA Reg. Number: 32802-68 (0.086%), 32802-69 (0.172%), 32802-71 (0.107%), 32802-73

(0.06%), 32802-78 (0.13%), 62719-492-32802 (0.25%)

Chemical Name: Mixture. Granular Fertilizer impregnated with Dithiopyr herbicide

(Dithiopyr).

Shipping Not regulated by U.S. DOT for all modes of transportation within the

Information: U.S.

Dimension is a registered trademark of Dow AgroSciences LLC.

Section 2: Composition/Information on Ingredients

Chemical Name	<u>CAS Registry</u> <u>Number</u>	OSHA PEL	ACGIH TLV	SARA 313 Reportable
Dithiopyr: 3,5- pyridinecarbothioic acid, 2- (difluoromethyl)-4-(2- methylpropyl)-6-(trifluoromethyl)- S,S-dimethyl ester	97886-45-8	None	None	No
Crystalline Silica (quartz)*	14808-60-7	0.1 mg/m^3	0.1 mg/m^3	No

^{*}May be present as a naturally occurring mineral in the fertilizer ingredients used in this formulation. The respirable portion of crystalline silica in this product is very small, and excessive inhalation is unlikely under normal conditions of use

Section 3: Physical and Chemical Properties

The state of the s					
Physical Form:	Granular Solid	Bulk Density:	Not established		
рН:	Not applicable	Refractive Index:	Not applicable		
Boiling Point:	Not applicable	Freezing Point:	Not applicable		
Solubility in Water:	Partial	Viscosity:	Free-flowing granules		
Vapor Pressure:	Not established	Vapor Density:	Not established		
Percent Volatile:	Not established	Evaporation Rate:	Not established		
Appearance and Odor:	Multi-colored granules with a characteristic odor.

Section 4: Fire and Explosion Hazard Data

Not Flammable Flash Point Method: Flash Point (°F): Not applicable Not applicable Burning Rate: Auto Ignition Temp. (°F): Not applicable Upper Limit (UEL): Not applicable Lower Limit (LEL): Explosive Not applicable

Limits:

Extinguishing

Water, carbon dioxide, dry chemical or foam.

Media:

Special Firefighting Fire fighters should wear full protective gear and self-contained Procedures:

breathing apparatus. Contain runoff to prevent pollution. Fumes and

smoke from fire may be hazardous.

Unusual Fire or

Explosion Hazards:

None.

Section 5: Health Hazard Data

Primary Routes of Entry: Inhalation, ingestion, skin or eye contact.

Signs and Symptoms of Over-Exposure:

Eve Slight, reversible irritation to Chronic: None reported. Acute:

Contact: the eye.

Skin May cause slight mechanical Chronic: None reported. Acute:

Contact: irritation.

Inhalation: Excessive inhalation of Excessive inhalation of Acute: Chronic:

> fertilizer dust may irritate crystalline silica (quartz) nose, throat and upper may cause lung injury.

respiratory tract.

Ingestion: No specific symptoms of Chronic: None reported. Acute:

over-exposure to the

herbicide active ingredient are known to occur. Ingestion of fertilizer components may cause nausea, vomiting, cramps, and diarrhea.

Page 3 of 5

Emergency First Aid Procedures:

Eye Hold eyelids open and flush with lots of water for 15 minutes. If irritation

Contact: persists after flushing, get medical attention.

Skin Remove contaminated clothing and wash skin with soap and water. If irritation

Contact: develops after washing, get medical attention.

Inhalation: Remove person to fresh air. If breathing stops, give artificial respiration and get

medical attention.

Ingestion: Call a physician or poison control center. Give person 1-2 glasses of water to

drink, and induce vomiting by touching back of throat with finger. If Syrup of Ipecac is available, give 1 tablespoon (15 ml) followed by 1-2 glasses of water. If vomiting does not occur within 20 minutes, repeat dosage once. Never induce vomiting or give anything by mouth to an unconscious or convulsing person. Note to physician: No specific antidote is available. Treat symptomatically.

Medical conditions aggravated by Existing skin irritation or lesions, asthma or pulmonary

exposure: disease

Target Organs: Prolonged or repeated overexposure may cause liver, kidney, blood

and adrenal effects, and thyroid damage.

Carcinogens: Crystalline silica (quartz) component is classified as a carcinogen by

NTP and IARC.

Section 6: Reactivity Data

Stability: Stable

Chemical incompatibilities: Strong oxidizers

Conditions to avoid: None – product is stable

Hazardous Decomposition Thermal decomposition (burning) may produce CO, CO₂, and

Products: NOx.

Hazardous Polymerization: Will not occur

Section 7: Accidental Release Procedures

Isolate and contain spill. Remove unauthorized persons from spill area. Large Spill or Leak Procedures: Do not walk through spilled materials. Wear suitable protective gear.

Carefully sweep or scoop spilled material and place in a closed, labeled container for use or disposal. Scrub contaminated surfaces with detergent and water, and collect wash water solution for proper disposal according to label directions. Do not allow spilled material to enter

streams, sewers or other waters.

Small Spill or Leak Wear protective clothing as recommended on label. Sweep up spilled

Procedures:

material for use according to label directions.

Waste Disposal Consult state or local environmental agency for disposal of waste Methods: generated by a spill. Wastes from the use of this product according to

label directions may be disposed as specified on product label.

Section 8: Exposure Controls and Personal Protection

Engineering Controls – This product is designed for outdoor use only, and ventilation is Ventilation:

not normally required. Local exhaust may be necessary when

handling this product in an enclosed area.

Administrative Controls: Follow all precautions and directions for use on product label.

Protective Clothing and Wash thoroughly after handling and before eating, drinking,

Equipment: smoking or using the toilet.

Respiratory Protection: For normal handling and use, a respirator is not required. For

> excessively dusty conditions, use a dust mask approved by MSHA/NIOSH. See OSHA regulations in 29 CFR § 1910.134

before using any respirator or dust mask.

Eye Protection: Good safety practices suggest the use of goggles to prevent contact

with eyes.

Hand Protection: Good safety practices suggest the use of chemical-resistant (natural

rubber) gloves, to prevent skin contact.

Skin Protection: Wear long-sleeved shirt and long trousers to reduce skin contact.

Contaminated Launder contaminated clothing separately from street clothes. Equipment: Clean contaminated boots/shoes and other equipment with

detergent and water immediately after use.

Safety Stations: Clean water should be available to flush eyes and/or skin in case of

accidental contact.

Section 9: Handling and Storage Precautions

Wear suitable protective gear when handling open containers. Do not Handling Precautions:

take internally. Avoid contact with eyes, skin or clothing. Wash

thoroughly after handling.

Store in a locked, dry area, away from feed or food, and out of reach of Storage

Requirements: children, pets and domestic animals. Keep containers tightly closed

when not in use. Store in original container only. Do not remove or destroy product label. Dispose of empty containers as specified on

product label.
