Please check if your land trust protects any of the following types of land

- Forests
- Agricultural land, including farms and ranches
- Wildlife habitat

How many states does your land trust operate in?

Page two

The next page(s) will ask the following questions about each state your land trust operates in.

State of operation

Counties of operation

Enter the county or counties where your land trust or organization operates
Acres under easement
Enter the number of acres under easement for the state listed above

Number of conservation easements held
This number will not be displayed publicly on your Find a Land Trust profile. It is collected solely for the Land Trust Alliance's internal planning and research purposes.

Acres owned in fee
Enter the acres owned in fee for the state listed above

Number of properties owned in fee
This number will not be displayed publicly on your Find a Land Trust profile. It is collected solely for the Land Trust Alliance's internal planning and research purposes.

Acres acquired and reconveyed to government entities
Enter the number of acres acquired and reconveyed to a government agency for the state listed above

Acres acquired and reconveyed to non-governmental entities
Enter the number of acres acquired and reconveyed to other organizations for the state listed above

Acres protected by other means
Enter the number of acres that are protected by other means for the state listed above. Acres conserved by other means refers to land protected as a result of the activities of the land trust, but which the land trust did not directly acquire in fee or under easement. Common examples include negotiating or preparing for acquisition by other organizations or agencies, or deed restrictions.
