MEMORANDUM No. 2020-022

TO : ALL ELECTRIC COOPERATIVES

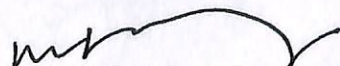

SUBJECT : SURVEY ON EFFECT TO EC OPERATIONS DURING THE ENHANCED/GENERAL COMMUNITY QUARANTINE (ECQ) DUE TO COVID-19 SITUATION

This Office appreciates the immediate and current actions taken by the Electric Cooperatives to address the COVID-19 situation in order to ensure the continuous delivery of electricity in the respective franchise areas covered amidst the pandemic. The EC Risk Management and Sustainability Plan (EcRM-SP), otherwise referred to as Business Continuity Plan (BCP), submitted by the Electric Cooperatives (ECs) showed the risk treatment and mitigating measures formulated in response to the national health crisis, and we are hopeful that the courses of action taken thus far, and those that shall be undertaken will serve to ensure the continuity and sustainability of EC operations.

In response to numerous query and concerns raised by or from energy stakeholders, the National Electrification Administration is conducting this formal survey/gathering of data on the EC Monthly Comparative Statistical Data for the months of January to May 2020 intended to obtain additional data and important information relative to the effect of the Enhanced or General Community Quarantine effected by the national and local government to the overall operations and performance of the Distribution Utilities, particularly to the ECs in the country. Further, this will serve as a source of updated information for this Office to act on and/or support the lobby/recommendation for action from state legislation and regulatory agencies to address the concerns and attend to the interests of energy stakeholders, especially to the ECs and its member consumer-owners (MCOs).

Accordingly, the ECs are enjoined to provide their respective data and information reflected in the *EC Monthly Comparative Statistical Data Sheet* to cover the data/information prevailing for the period January to April 2020, hereto attached (Excel file). The accomplished survey form shall be submitted to NEA via email at nea_mag@yahoo.com on or before **11 May 2020**.

For your compliance.

ELECTRIC COOPERATIVE COMPARATIVE STATISTICAL DATA

As of MAY 2020

PARTICULAR	UNIT	MONTH (2020)					REMARKS
		JANUARY	FEBRUARY	MARCH	APRIL	MAY	
ENERGY PURCHASED/GENERATED	MWH						
ENERGY SALES	MWH						
*SYSTEM LOSS (for the month)	MWH						
	%						
PEAK DEMAND	MW						
CONTRACTED CAPACITY	MW						
SALES REVENUE	Php						
*COLLECTION EFFICIENCY (for the month)	%						
COST OF POWER	Php						
NON POWER COST	Php						
ONE MONTH WORKING CAPITAL REQUIREMENT	Php						
WORKING CAPITAL FUND	Php						
GENERATION CHARGE, Php,Kwh	Php/kwh						
TOTAL NO. OF LIFELINE CONSUMERS	Number						
LEVEL OF CONSUMPTION OF LIFELINE CONSUMERS	In kwh						
	Php						

(Note: Please provide ESTIMATES for the Month of May, if applicable)

OTHERS:

In the Joint Petition to the ERC for the Approval of the Power Supply Agreement (PSA):

Please check (/) the answer applicable:

- a. Is there a clause on "Force Majeure" in the provisions of the PSA?
- b. Has the EC called on the applicability of COVID-19 pandemic under such category?
- c. Is there a Minimum Energy Off-Take (MEOT) Charges provided under the PSA?

Please indicate how much, if any: _____

d. xxx

Other relevant information _____

YES	NO	REMARKS

ANY OTHER RELEVANT INFORMATION, COMMENT/s or RECOMMENDATION/s:

NOTE : This is a SURVEY on the Effect of ECQ/COVID 19 Situation in the EC operations . Kindly fill in the data needed and send back in Excel Format to the NEA via email: nea_mag@yahoo.com not later than 11 May 2020. Prompt submission of data is enjoined. Thank you.
