

CARGO BIKE STORAGE

We have now made alternative storage arrangements for the cargo bike and it is now placed in a useful location ready to support future events.

CAMPAIGN MEETINGS

We meet on the 2nd Monday of each month, 8pm The Windmill PH in Upminster Bridge. Everyone is welcome, and we'd love to meet other LCC members and local cyclists in the area. Tea, coffee and soft drinks are available as well as the normal pub fare. Do come and say hello!

(Look out for the table where people are wearing red LCC tee shirts).

As always, see our web site at www.haveringcyclists.org for the latest news.

Autumn 2018

www.haveringcyclists.org
havering@lcc.org.uk

Greetings

Greetings fellow cyclists! Hopefully you'll have been able to take advantage of the great cycling weather we've been having but meanwhile, Havering Cyclists have been busy campaigning and raising local cycling issues with Havering Council. Please see overleaf for details.

Don't forget that we meet on the 2nd Monday of every month at 8pm in the Windmill PH in Upminster Bridge to discuss local cycling news, activities, as well as to have a social chat! We'd love to see some new faces so why not come and say hello?

LIVEABLE NEIGHBOURHOODS

You may recall that we have been presented with an outline of Havering's Liveable Neighbourhood plans but we are still waiting to see anything firm in writing. We will keep pressing for meaningful consultations.

CYCLE LIASION GROUP MEETINGS

Havering Council holds meetings with local cyclists to consult and gather feedback on cycling issues in the borough. If you'd like to get involved, please get in touch and we'll forward on the details.

BEAM VALLEY CONSULTATION

We have given our input to the consultation on the council's plans for the Beam Valley. This is the area between Dovers Corner heading West to Barking and Dagenham which is earmarked for a huge housing development including an uplift to the cycle lane along the A1306. While we welcome the high quality lane proposals, we have asked for there to be some continuity both at Dovers Corner and where the path joins with that of Barking and Dagenham. We await a response.

LONDON FREECYCLE

Once again we supported the annual London Freecycle event where thousands of people take to central London's streets that are closed to motor traffic for the day to enjoy the sights and the atmosphere.

These brave souls made the 20-mile each-way trip from Upminster to join the event.
