Skippy and the mogres osrs guide

Table of introduction of contents In order to kill mogres, it is necessary to complete this miniqueestre. Just on the southern edge of Rimmington there is an old fisherman who has become quite drunk, but has an interesting story to tell. You'll have to make it sober to hear the story though. Requirements Articles Required Water Bucket 2 gp Nettle Milk Chocolate Tea Bucket Snape Grass Item Recommendations Skippy's Story 1) Go find Skippy just southeast of Rimmington for willow trees and talk to him. He won't make much sense, though, because he's drunk. 2) If you have your water bucket in your inventory, right click on Skippy and choose the 'Sober Up' option. If you haven't yet received a bucket of water, buy a bucket from the general store in Rimmington or get a bucket from the Leprechaun for the bush patch in Rimmington and fill it in the well. 3) Once Skippy is sober, you'll be asked for a cup of hot nettle tea. Use the cup of nettle tea on it. If you don't have a cup of nettle tea ready, you'll need to prepare a cup for it. See the kitchen guide for instructions on how to prepare it. 4) Once Skippy has drunk her tea, she'll tell you she has a hangover. You're going to have to give him a hangover cure. Use the milk bucket with the chocolate powder, then use the chocolate milk with the snap grass. Talk to Skippy and he'll accept hangover care. 5) Now that Skippy is sober and may think, he will tell you a story that is why he retired from fishing and moved to Rimmington. He had been fishing at Mudskipper point throwing fishing explosives into the water and a Mogre had attacked him. He explains that a mogre is a type of ogre that lives underwater and carries the skins of mudskippers. Congratulations, you completed the Mogre Miniquesta and now you can kill mogres. Other information The easiest way to get to mogres is to use fairy rings as there is a fairy ring at Mudskipper Point (Map), next to the tree. The fad ring code is AIQ. This is also convenient because if you are left without fishing explosives, there is a killer master in the lost city who can get more, this is also the fastest banking method. If you don't have access to the fad rings, the best bank for you to use is the bank on the Void Knights Outpost. Mogres are level 60 and have 48 successful points, must also have level 32 killer to attack the mogre. In order to attack a mogre, you need to throw a fishing explosive at the ominous fishing site from a few steps from the fishing site. There are two ominous fishing sites you can use. One is located on the east side of the point, the other is on the south side of the point. The eastern site is recommended to kill them as you don't have to move as much as the southern place does. Mogres don't drop anything special, but fall a little herbs from low to medium level and occasionally strawberry or watermelon seeds. They also drop a large amount of raw sardine fish through the shark. Mogres will always drop large bones and have two unique drops that are wearable items unchangeable: Mudskipper hat and fins. Q FAQ: Where is Mudskipper Point? A: Mudskipper Point is located south of Port Sarim by the entrance to the Ice Caves. Q: What are the statistics of the mudskipper hat and fins? A: Mudskipper fins give a defense bonus +1 to trim and crush, they also give -2 to stab, trim and crush attack. The mudskipper hat does not give statistics bonuses. Q: Are there other mudskipper clothes in addition to the hat and fins? A: No, the only mudskipper items that can be achieved are the hat and fins. It is recommended that you choose several nettles (3-5) as it may fail to boil the nettle-water, and you will have to run again in Draynor if this happens. He travels southeast of Rimmington and northwest of fishing spots, and searches for Skippy along the coast. He is the only NPC who wakes up in the area, so it shouldn't be too hard to find. He's a bit drunk and he's getting drunk on something. You're going to have to give it some sense somehow. Right-click and choose Sober-Up Skippy with the water bucket in your inventory. He gets annoyed, but seems a little more sober and asks for a bowl of hot nettle tea to warm up. Note: If you haven't already chosen some, you can find spellings along the southern wall of Draynor Village Prison. Wear gloves when collecting lysles. Use a container of water with nettles to create nettle water, then use this liquid in the range just north of Skippy. Avoid accidentally drinking the bowl. If you accidentally fail and boil over the nettle water, you can refill the bowl in the sink of the same room and try again. Go back to Skippy, and use the nettle tea on it (make sure you right-click it, or drink it) to heat it up. Now, however, he's hanged and wants a hangover cure. The ingredients for a hangover cure are learned during the pest city, but if you already know them you do not need to complete this research to do one. Use hangover care in Skippy, which is cured.
