**MEMORADUM FOR RECORD**

**SUBJECT:** Approval of LIND USB Power Supply on C-17 Aircraft

1. In accordance with AFI 11-202v3, General Flight Rules, I authorize use of the following USB power supply on board all Mobility AF (MAF) C-17 aircraft during all phases of flight:

- LIND MODEL USBML2-4801

2. This authorization allows the LIND model listed above to be plugged into the aircrafts power supply in the cockpit and for any model of the Apple iPad and/or GPS/ADS-B receiver to be plugged into the LIND USB power supply.

3. Please refer questions to AMC/A3V. My POC for this subject is Col Louis Hansen, AMC/A3V, DSN 779-3621.
