If you have enough patience to play an addictive game, don't miss the AdVenture Capitalist! Are you the type of entrepreneur? Most of your thinking about making money? Well, we have. Have. just the right game for you. Find yourself experiencing the life of a real business tycoon with Adventure Capitalist with its in-depth and addictive gameplay. Start your business from humble beginnings. Make smart and wise decisions to invest your money in more positive income. Grow your businesses and become the ultimate mogul in making money. Expand your businesses to unthinkable places and continue to multiply your assets. Read more about this great game from Kongregate with our reviews. StoryAdventure Capitalist is reserved for the hardcore investors who want to make good money with their business skills. Here you begin your first steps to become the greatest capitalist tycoon in the world. Learn to do business by having your first lemonade stand completed. Collect as much money as you could to start investing in more profitable activities. Let your money multiply as you progress in the game. Learn new skills and tricks in making money. Expand your business to different fields. And bring your investments to the universe level by having transactions with the aliens. Here are all the exciting features the game has to offer: The game comes with a relatively simple gameplay that makes it a lot more accessible. That's why gamers easily become familiar with the features. All options are neatly listed on the interface so you can open them whenever you want. And most importantly, the game comes with the idle clicking mechanics, which reduce your work to the minimum. That being said, you are the real boss, spend your precious time thinking about ways to get rich, and the money will automatically generate for you to collect, even with a single lemonade stand. Speaking of which, to keep yourself from having to work on managing your businesses, the game also features useful characters that you could hire to help you with the work. Each character comes with unique and different features that allow them to have different effects on your businesses. Choose the right managers for different companies and they will let them thrive. Only return to the game to collect your winnings and think about your next steps. And to make yourself more recognizable among entrepreneurs, it is important that you have a unique thinking and a clear plan to develop your business. Make wise decisions to help your businesses thrive. Attract investors to your company with your ideals and beliefs. Show them a clear and simple way to make some easy money. As you attract more famous investors, your companies will develop their prestige and popularity. So, those better products, managers, and so on. Along with the recruitable characters, Adventure Capitalist also features great customizations that you could put to increase your stats as well as giving you a completely new set of skills. Boost your by dressing yourself nicely. Attract people's attention to your styles as much as your intelligence. Players from different backgrounds can all play in Adventure Capitalist as the game features a progressive level system that takes you from simple to more complex business matters. Hence, you probably won't feel overwhelmed by the amount of information. And as if becoming the greatest tycoon on earth isn't enough for you, gamers in Adventure Capitalist can take themselves from the companies in space. That being said, once you reach a certain level and have explored certain technologies, you have the space trade available. Start doing business with the aliens, hire them to work on your projects, and even establish your businesses on foreign planets. Starting with the moon and Mars. Time for you to break the space and time barrier to create a real financial empire. Along with the main gameplay, gamers are also allowed to participate in lavish events that are only available in a certain amount of time. Join them and complete the challenges and achievements you are given. Earn yourself epic rewards that you can barely find in other places. In addition, the game also features exciting performances that are always available for you to complete. Enjoy it for a whole new gameplay. Despite all the exciting features, Adventure Capitalist is currently free for Android users to enjoy. That being said, you can easily have it installed on your devices without paying anything. Plus, you get access to most in-game content. However, because it has a freemium title, the game will consist of in-app purchases and ads that could disappoint some gamers. Still, you shouldn't be disappointed, because we have exactly what's in front of you. Our latest mod of the game will allow gamers to freely buy all in-app purchases without having to pay. Plus, we also remove all annoying ads that bother you. So, you'll find yourself quite satisfying with the game. Download our Adventure Capitalist Mod APK file on your Android devices to have it installed on your devices. Then follow the instructions given to make sure it's properly installed on your devices. Visually, the game doesn't have too many standout features worth mentioning. And because it's a simulation and tactics game that focuses on the in-depth content and simplicity, it's natural that they don't focus on the graphics. Plus, the simple interface also promotes idle-clicking mechanics, making it more convenient playing this game. However, the non-demanding graphics also make the game more playable on low-end weak hardware. That's why most Android users can easily install the game on their devices. With energetic soundtracks, players in Adventure Capitalist will always be full of energy to start for your new challenge. Open up your new businesses and let the world admire your achievements. For those who like to invest in companies to increase their coffers, Adventure Capitalist is definitely a good game to try. Plus, with our mods, it's completely free and unlocked for you to enjoy. Welcome to AdVenture Capitalist, a young investor with long teeth! Without a doubt the best simulation of capitalism in the world! Start your conquest of the world by clicking on the lemonade stand's progress bar. Keep clicking until you can afford to buy other juicers! You understood the principle. Hire workers, buy state-of-the-art upgrades, dominate the market and attract motivated angel investors to boost your profits! Always more, this is the motto! Switch to the dark mode that's friendlier to your eyes at night. Switch to light mode that is friendlier to your eyes during the day.
