

## PLTW Support

Becoming a PLTW school means you're part of a community of PreK-12 PLTW schools, colleges and universities, and corporate and philanthropic partners across the country united around a passion for providing students with inspiring, engaging, and empowering learning opportunities. Once you add PLTW to your school, you have access to curriculum, assessments, teacher training, and ongoing program support.

School and district professionals receive live support from PLTW team members to enable successful program implementations. This support ranges from daily programmatic and IT-related questions to working with schools to offer ideas and best practices that will help in the creation of district-wide strategies for long-term results.
