Your hero must save the whole world from this monster epidemic. Gameplay game takes you on a fascinating journey where you are - just reliable humanity in destroying evil zombies. To buy weapons, ammunition in the game you have to accumulate gold coins. To get these coins, you must successfully go through different stages. Gems are used to improve weapons and improve health and skills. Gems can be used to continue the game if you die halfway. First, think at the entry level of weapons. The stronger ones can be unlocked after reaching a certain level. Features of the game. To play much more exciting, the game contains not one, but two specially created game modes that present users with a lot of new features. The user can enjoy the game in one game mode, where he prepares for war by collecting soldiers and weapons, or they can go into a specially created mode that allows you to shoot at a large number of zombies. The main goal, along with the destruction of zombies - is to gain points of experience. They allow you to improve your game and climb the stairs. This is in order to unlock game levels with higher complexity, allowing the user to test game skills. The game is designed to be very realistic. The game is developed by many amazing moves and realistic actions that play a big role in fun and interactive games.
