DEDICATION

In the 1961 Scimitar, we the members of the Scimitar Staff have attempted to present to you, the student, a pictorial record of your school year.

We have changed the tradition of recent years by distributing the yearbook in June. Although many have opposed this idea, we feel you will benefit more by it.

This is the last yearbook of L.H.S. as the single public high school in Lorain. It has therefore been our intention to create a symbol and reminder for the Seniors and forthcoming members of Admiral King of their experiences at L.H.S. And to you the present members of Lorain High, we hope you carry on the tradition of making this school one of which we will always be proud.

WE BEGIN . . .

Lorain High School opened its doors in 1877 to a small number of boys and girls wishing more education. In 1879, the first of 137 graduating classes made its appearance. At that ceremony three persons received diplomas.

Shown at the left is a copy of the first commencement program.

of L. H. S. growth

WE GROW . . .

There is a definite contrast in the number of pupils to receive diplomas at exercises during the 1960-61 school year. The January and June graduates will total 661. This is evidence of the tremendous growth of the port city. With a population increase of some 15,000 in the last decade, more is to be expected in the coming years.

The city of Lorain had grown, by 1920, to be a thriving city on the banks of Lake Erie. The parade scene above illustrates that progress had indeed come to the "port city." The faithful horse had been relegated to only appearances at festive occasions as this. The automobile begun to make a concerted effort to win favor over the colorful trolley. Yes, Lorain is certainly moving ahead.

THE CITY GROWS . . .

A recent photo of the harbor facilities point to the future possibilities of Lorain as major improvements are being studied to better equip the Port of Lorain to receive the ever increasing number of ocean-going vessels as a result of the opening of the St. Lawrence Seaway. The future offers much to Lorain.

Continuing its rapidly changing complex, the city shows the early dependence upon coal. Just a few years later, the switch of the major industry changed to steel. Coal for the world was the cry of the 30's.

Automation is reducing the required labor force today. This points to the possibility of further change in the life of our city. The scene to the right emphasizes the importance of Lorain to the world as a port of trade.

Lorain's original stadium, which was completed in 1927, seated approximately two thousand Steeler fans.

The present stadium, shown at the left, will seat 6,000 fans. However, in a game with Lakewood the Steelmen played for 10,000 football enthusiasts.

The guideposts of

SUPERINTENDENT OF SCHOOLS

JOHN W. EVANS

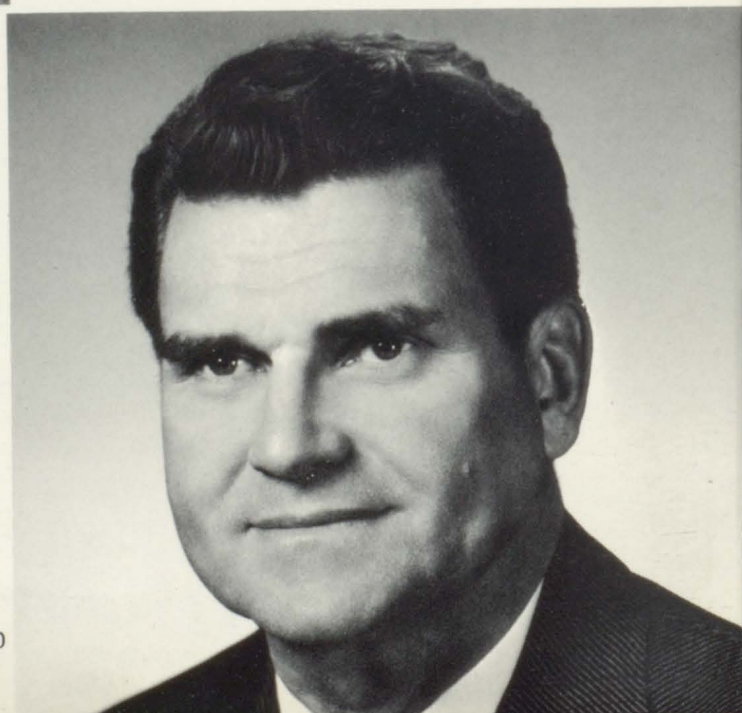

Now completing his 10th year as Superintendent of Schools is John W. Evans, the Chief executive officer for the Board of Education. He administers the program of public education in accordance with the adopted policies of the Board and other regulations by the state, presents needed information to the Board for study and proposes school policies for the Board's deliberation.

DIRECTOR OF SECONDARY EDUCATION

JOSEPH CALTA

A former principal of Lorain High School J. F. Calta, Director of Secondary Education, will be the principal at Admiral King High next year. Now, he has the responsibility of instructional supervision of the junior and senior high schools. His work involves the improvement of curriculum, classroom instruction, and the acquisition of books, supplies, and equipment for secondary schools.

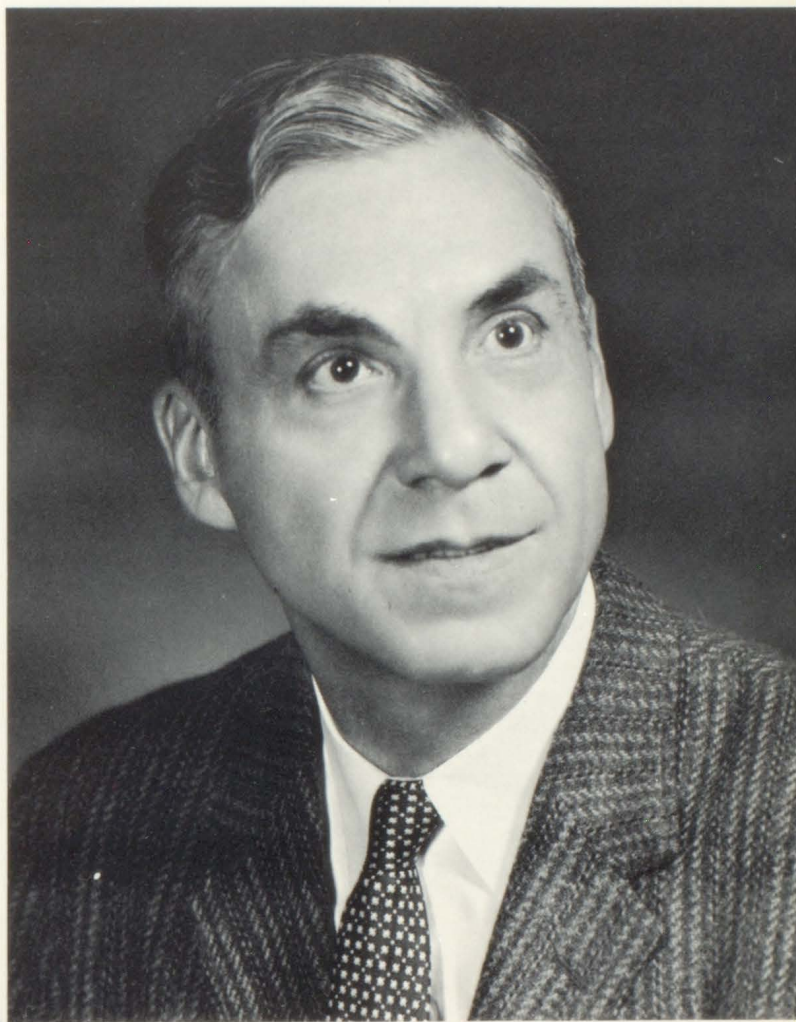

our school year

Parting with good friends brings sadness. More than half of the present L.H.S. juniors and sophomores will attend Admiral King High School next September. We wish you well at your new school. It is hoped that the rivalry between the two high schools will be competitive, yet friendly. Two high schools, three or four, need not tear apart a city.

All high schools are endeavoring to turn out good American citizens. You have pledged in assemblies "I pledge allegiance to my city and to all movements which make for a better community." Let that be the motto of all Lorain citizens.

Lorain High School is sharing about half of the money it has accumulated in its Athletic Fund and in the Activity Fund. Very close to twenty thousand dollars will be given Mr. Catta, principal of Admiral King High School, to purchase football, basketball, track, baseball, band, and choir uniforms. This, in addition to our good wishes, mean "bon voyage" to the launching of the new ship of education.

OUR PRINCIPAL RALPH J. HOLDER

While many will call this year the end of an Era in Lorain, I prefer to call it the beginning of a New Era. A New Era that I am sure will bring new and greater glory to Lorain High School and to the new Admiral King High School. To those students who will next year attend Admiral King, I hope that you will carry on with the free spirit you have shown here. To those who remain, I challenge you to put forth a renewed effort to make this the finest school possible.

To you who are graduating, I wish you all the very best in all your future undertakings. Let this also be the beginning of a great, new adventure for you. The fullest rewards of life will come to you who desire them the most. The world of tomorrow is yours.

As always, it has been, indeed, a real pleasure to know and work with you.

1960 FOOTBALL QUEEN AND ATTENDANTS

One of the main highlights of the Lorain High School football season was the crowning of the Homecoming Queen. This years queen was Madalyn Chapla. Her attendants were Diana Fountain (left) and Doreen Poor (right).

Shown here during one of the brighter moments at the Lorain-Findlay game are Doreen Poor, Madalyn Chapla, and Diana Fountain.

A DREAM COME TRUE

Lovely Madalyn Chapla has attained what every girl dreams of — being Football Queen. Shown here as she sits in the royal “coach”, Madalyn appears to be the happiest girl in the world.

Congratulations Madalyn, on being selected as Lorain High School's Football Queen for 1960.

GEOLOGY CLUB

One of the newer organizations at LHS this year was the Geology Club. Advised by Mr. Ben Cotton, the club expects to grow in the coming year.

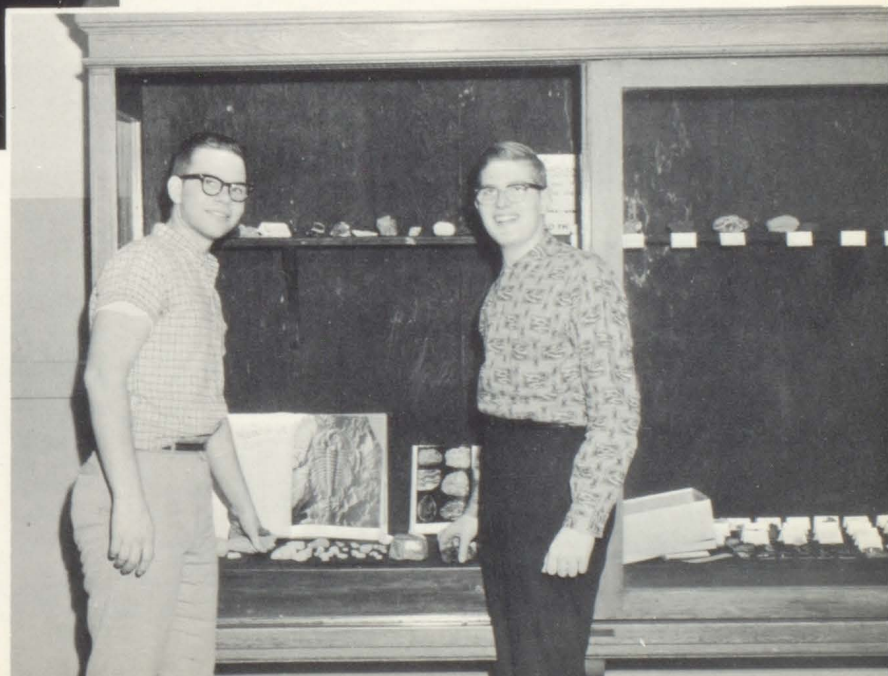

The Geology display was enjoyed by many students as they paused for a moment to look at the many rock specimens.

Mr. Cotton pauses to permit the Scimitar photographer to "shoot" the Geology Club.

Two members work on the display which aroused much interest. The club spent many evenings studying various aspects of their field.

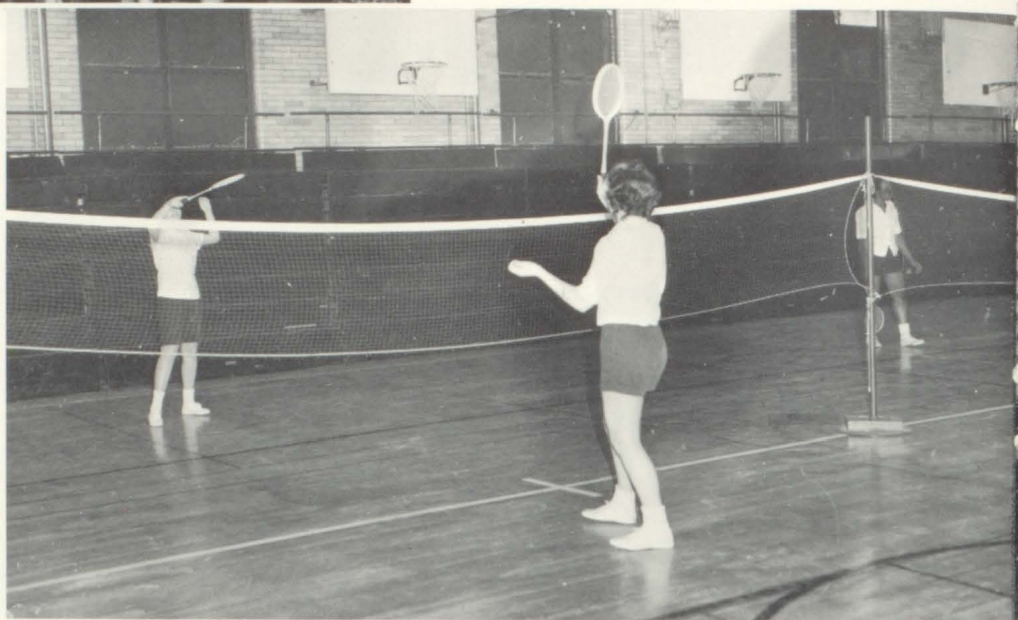

Bill Eisenhardt, Jim Sechel, and Pat Marquart did most of the work on the display. Pat was absent when the picture was taken.

THE NATIONAL HONOR SOCIETY

The National Honor Society of Lorain High School first secured their charter in time to elect members from the class of 1933-A. This organization plays an important role in our educational system because it not only recognizes those with outstanding scholarship ability but also emphasizes those well rounded in the four requisites for membership: Scholar-

ship, Service, Leadership and Character. Membership into this society is limited to students in the upper third of their graduation class scholastically who excel as well in the other three requirements. The entire number chosen from any class cannot exceed fifteen per cent of that class enrollment.

SYNOPSIS

Nellie, a Navy nurse who falls in love with a French plantation owner, and Lt. Cable who learns to love a Polynesian girl, find themselves leading lives for which they had never been prepared.
