

# Pop-Up Standing Card

Directions from Meg Loven  
Stampin' Up! Demonstrator®

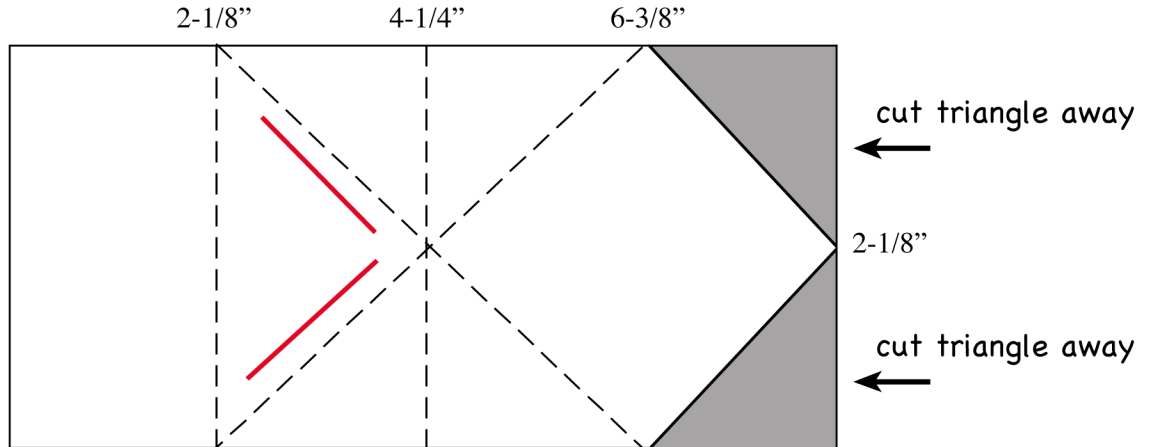

Website: [www.LovenStamps.com](http://www.LovenStamps.com)

Although this card can be any size, this size will fit in a Medium Envelope.

Begin with cardstock 4.25 x 8.5". Score at 2-1/8" and 4-1/4". Mark 6-3/8" but do not score there. Now score both diagonals from the 2-1/8" line to the 6-3/8" mark

Looking at the diagram, mark the center of the right edge of the card. Cut away the triangles from this mark to the 6-3/8" mark.

Fold the 2-1/2" and 4-1/4" ends towards each other (the folds will go down towards the table). Unfold. Fold along the diagonals so the folds pop up towards you. Add adhesive where indicated.
