(messages are placed in the archived messages folder, not deleted) To start after installation, log on to the FB and click the icon. A new tab opens. Click our icon extension again to start the process. Free trial to archive the 5 first messages and then pay service to help maintain this extension. Terms: Use the Messiteger Message Archiver at your own risk. There is no guarantee or guarantee. The author shall not be liable for any damage or loss of data. Your use of the app means that you agree to these terms. Messenger Message Archiver has absolutely no connection to Facebook™ compagny. For any questions, you can contact us on our website If you want to delete bulk messages (instead of archiving), use If you're active on Facebook, you'll probably take advantage of the social media site's built-in Messenger app. They send over 20 billion messages a month between businesses and people through the service and have over 1.3 billion users worldwide, so that's a lot of chat! If one of your conversations is over, but you don't want to delete it completely—for example, it might contain information you'll need to refer to in the future — you can archive it so you can return to it later. But how can you view archived messages once you've put them there? It's simple - here's what you need to know to do both. Archive a conversation in Facebook Messenger You need to archive Facebook Messenger conversations through the Messenger app, as opposed to the Messenger mobile app. 1. Log in to your Facebook account on your computer.2. Open www.facebook.com/messages/? Messenger desktop app. 3. Find the conversation you want to archive in the names of the people sent to the left of the screen. 4. Tap the gear-shaped icon next to the name when you hover over it. Click Archive. Facebook; Business Insider 5. To archive the conversation, select Archive from the drop-down menu. How to view archived messages on Facebook Messenger on your desktop1. Go Facebook.com and sign in to your account. 2. On the menu bar at the top of the screen, look for the Messenger icon, which appears as a small squiggle in the speech bubble. and at the bottom of the popup, click on See All in Messenger. Select Archived Messages from the drop-down menu. Jennifer Still/ Business Insider 3. If you're already on the Chats screen, click icon (the small outfit next to the large Messenger tag) to reveal another drop-down menu. 4. In the drop-down menu, click Archived Threads. They then take you to archived conversations, which you can read as you please. How to view archived messages on Facebook Messenger on mobile1. On your phone, open Messenger. To view archived conversations from the Messenger app, you'll need to use the search bar at the top of the app's screen to enter the name of the person the conversation was with. You need to know the name of the person you were talking to. Jennifer Still/ Business Insider 3. Tap the name of the contact whose archived conversation you want to see, and Messenger will automatically bring up all the messages you've ever exchanged with that person, including archived messages. Keep in mind that messages can be automatically untreatable from archiving by sending another message to the recipient in that conversation thread. The conversation is then returned to the main inbox as well. Keskustelun arkistointiin piilottaa sen postilaatikosta, kunnes keskustele seuraavan kerran kyseisen henkilön kanssa. Voit etsiä arkistoitasi keskustelun seuraavasti:Työpöytäsovellus ja pöytäkone (messenger.com):Klikkaa yläaidassa Haku.Kirjoita henkilnimön nimön i hakupaalkiin. Avaa keskustelu klikkaamalla henkilön nimeä. Huomautus: voit kumota arkistointisen ja palauttaa keskustelun postilaatikoon lähettämällä henkilölle uuden viestin. You can archive messages on Facebook to move messages to a different folder, away from the main list of conversations. This sorts conversations without deleting them, which is useful if you don't need to send a message to someone, but you want to save the text. If you can't find it archived Facebook messages, use the appropriate instructions below. Facebook messages are Facebook messages on Facebook and Messenger.com. The instructions in this article refer to the mobile version of Facebook and the desktop version available through your web browser. The fastest way to access archived messages is Facebook.com messages, or that's Messenger.com. Both links point to archived messages. Or, follow these steps to manually open archived messages (if you Messenger.com use them, go to step 3): Facebook.com, open Messages. It's at the top of Facebook, on the same menu bar as your profile name. At the bottom of the message window, select View all in Messenger. Select the Settings gear icon in the upper corner of the Messenger window. Select Hidden Chats. All archived messages appear in the left pane. To send an archive of Facebook messages, send another message to the recipient. It appears again in the main list of messages, along with other unarchived messages. You can also get archived messages from the mobile version of Facebook. Open Messenger. Tap the search bar at the top of the screen, and then type the name of the person you want to see the messages for. Select a friend in the search results to see all messages from that person. If you opened an archived Facebook.com or Messenger.com, you can easily search for a specific keyword in that thread. You can search for any open Facebook message, not just archived messages. Locate the Settings panel on the right side of the page, below the recipient's profile picture. If the Settings panel is closed, click (i) to open it. Select Search in Conversation. Use the search box at the top of the message to enter specific words into your conversation. Use the arrow keys (on the left side of the search box) to see the previous or next copy of the word. This wiki Teaches you how to see archived messages in Facebook Messenger. Use the Facebook Messenger mobile app search bar to find archived conversations by name or view a list of conversations archived on your computer. 1 Note: This process must be done on a computer. If you're not signed in when prompted, enter your Facebook account email address and password. 2 Open settings . Click the blue gear-shaped icon in the upper-left corner of the page. A drop-down menu appears. 3 Click archived threads. It's in the drop-down menu. 4 Review archived conversations. The list of conversations appears on the left side of the page; these are all archived conversations. To view an archived conversation, click it. 1 Understand that you can't browse archived conversations on mobile. Although archived conversations are specifically you can't open your archived messages in the Messenger app. Tap the Facebook Messenger app icon, which looks like a blue speech bubble icon on a white bolt of lightning. You'll be asked to enter your phone number and Facebook password (or select your Facebook account) before continuing if you're not signed in. To view a list of your archived conversations, use facebook's website. 3 Tap Home. This is the house-shaped icon in the lower-left corner of the screen. If Facebook Messenger opens a conversation, first tap the Back button in the upper-left corner of the screen. 4 Tap the search bar. It's at the top of the screen. This brings up your smartphone's on-screen keyboard. 5 Enter the name of the recipient of the archived conversation. Enter the name of the person with whom the archived conversation took place. Multiple results should appear in the drop-down menu. If the conversation is with a group, type the name of any of the group members. If you're looking for a named group conversation, type a name for the group. 6 Select the conversation. Tap the name of the person (or group) that the conversation was with. This opens the archived conversation for viewing. If you're looking for a group conversation that didn't have a name, you might need to scroll down to find the group conversation you want to view. Add a new question: Can I return the archive of the message? We need to answer the archived conversation at the other end in order for it not to be archived and get your attention. Q What if their names don't appear when you type them? This may mean that the contact has blocked you in Messenger or Facebook. Q How do I view my archived messages list if I don't remember the name of the conversation archived in Messenger? Remember the name because you do not have access to the archive without a specific name. Q How do I see my archived messages in Facebook Messenger if my account is inactive? You can sign in to Messenger without reactivating your account. Once you're signed in, follow the standard procedure to view archived messages. Q How do I find archived messages in Messenger without having to type the person's name? Unfortunately, this is a mistake with this hack. If you don't remember or know your name, you're out of luck. Q How do I ignore a message on Facebook Messenger? Go to community standards and report. Q Do I see an archived conversation when the other person responds via Facebook Messenger? yes, as long as they send you a message, that person's conversation will reappear. Question, thank you! Thanks! Thanks!
