

**Loyola High School Frosh Athletics Information
2020-21**

UPDATED 9/1/20

There are a number of athletic opportunities available to incoming freshmen during their first year on campus, as well as prior to the start of the academic year in late August. Below you will find a list of the sports we offer during the fall, winter and spring seasons at Loyola, in addition to information on which sports will be holding optional/voluntary summer workouts.

Before you can participate in any practice, all necessary Student Health paperwork must be submitted. Any questions can be directed to Loyola's Director of Student Health, Mr. Tim Moscicki at tmoscicki@loyolahs.edu. The only preparation that we recommend you do before your freshman year is the Summer Weight Training and Conditioning program that is offered through Loyola Summer School. More information about this program is included on Page 3.
