You're the one who makes the sad things come untrue
And You gave us life when death was all we knew
Oh, it's amazing, Your love for us
Oh, it's amazing, and that is why we love

E - G#m - F# - E

So we run, telling everyone we know
Salvation has been found, and it's found in Him alone
So we run, for the glory of His name
To this city we proclaim, Salvation has been found

E - G#m - B

You're the one who's changing hearts and healing hurt
When we had no power or strength to save ourselves
Oh, it's amazing your redeeming work in us
Yeah, it's amazing, and that is why we love

E - G#m - B

You're the one who sent us out into the world
So that we, your church, would make your kingdom known
Oh, we know salvation comes from You alone
Oh, we know salvation comes from You alone

Oh, we know salvation comes from You alone
Oh, we know salvation comes from You alone
