I was frustrated after the last visit to my doctor because I don't really understand the new treatment plan. Would you come with me to my appointment next Friday, and be a second pair of eyes and ears?

I'm feeling overwhelmed by paperwork that's come in since my medical emergency last month. Would you have time to sit down with me on Saturday for an hour, to help me sort it out?

I think our sons play on the same baseball team. Would you be able to give my son a ride home from baseball practice on Wednesday afternoon?
