INSTALLATION OF _____ ON
LEGAL UNIT # _____, CONDOMINIUM CORP **042 5684** EDMONTON, ALBERTA.

Specifications as Follows:

IF the installation is flooring: Please refer to the following flooring specifications.

- If the flooring being installed is an engineered floating floor, the under pad requirement must have an Impact Insulation Class (IIC) of 70 or higher and a Sound Transmission Class (STC) OF 65 or higher.

- For the purpose of this policy: ceramic tile, marble or the like shall be considered less resilient than vinyl tile, hardwood flooring or the like which shall be considered less resilient than carpeting, carpeting and under pad, or the like.

IF the installation is electrical fixtures: they are required to meet the current standards and voltage requirements.

Exterior walling alterations: the impacts on insulation or exterior sheathing are accounted for.

Plumbing/Dishwashing changes: That this work is conducted by a professional.

This decision will stand as long as all of the following conditions are met:

- Although this area is no longer considered common area, it must be maintained as to the standards of all other common areas of this project.
- Failure to comply with any of the above points or failure to sign and return one copy of this form to the Property Manager will result in this request being denied.
- Failure to maintain the area after construction will result in the area being returned to its original state at the home owner’s expense.
- All building permits are responsibility of home owner not the condominium board.

West Park Condominium Association Pet Regulations (Owners Only are Allowed to Have Pets; No Renters)

West Park Condominium Association recognizes that pets can enhance the quality of life of their owners. It also recognizes that not all residents enjoy pets, because of allergies to pet dander, the noise factor, or fears. Ownership of pets in West Park is a privilege, not a right, and with this privilege comes responsibilities.

Pet Fee

A monthly pet fee in the amount of \$25.00 is required for all pets that reside within the building. This fee must be paid via cheque or money order as this cannot be included with the automatic withdrawal of your condominium fees.

Height Restriction

The maximum height of a full-grown four-footed pet is 15 inches (38 cm) from the top of the shoulders to the ground.

Restrictions on Types and Numbers of Pets

Snakes and ferrets are not permitted in the building. Dogs bred for killing are not permitted in the building. This includes the Presa Canarios breed. Only fully domesticated pets are permitted in the building; no wild animals are permitted in the building. A maximum of two pets per unit are permitted.

Transporting Pets through Common Property

Owners must be in control of their pets at all times. They must carry their pets when transporting them through interior common property and the pets must be on a leash or in a cage. (This is out of respect for those residents who have allergies or asthma that are aggravated by pet dander.) Pets must be on a leash at all times on common property. Carrying pets also should reduce the number of pet wetting accidents. Remember to “scoop the poop” when taking your dog outside on building property.

Guest Pets

No guest pets are allowed in West Park.

Pet Registry (Applicable Only to Live-in Condo Owners, No Rental Units)

The West Park Condominium Association needs to know which pets are in the building. Therefore, all pets must be registered with the Association. A registration form is included with these regulations. Please register your pet(s) by completing this form. This pet registry will be placed in the Fire box.

Violations

If there are violations against the rules regarding pet ownership, the current by-laws and rules and regulations presently in place would be applied. Owners whose pets' soil a carpet will be responsible for paying the cost of cleaning or replacement of the carpet.

WESTPARK CONDOMINIUM BEDBUG POLICY

1. Westpark Condominium follows the Alberta Health Services legislation to eliminate Pests (Bed-bugs) from the building at the earliest date possible.
2. a) Pest (Bed-bug) problems in the Westpark Condominium complex are the sole responsibility of the West Park Condominium Board who shall:
 - ii) contact licensed and experienced pest control specialists (exterminators) and obtain assessments and recommendations for the removal and/or control of the pest (Bed-Bugs),
 - iii) contract the approved specialist to implement immediate control measures as approved by the Board,
 - iv) immediately inform the occupants of all affected units of the Board's decision and the action that each occupant is to take to prepare for the arrival of the exterminators.

b) The decision of the Westpark Condominium Board for pest (Bed-bug) assessment, control and the exterminator is final and binding on the owner and the occupant.
3. The tenant must allow access into their dwelling unit for assessment and treatment of pest (Bed-Bug) infestations, (Sections (V)(16)(a)(iii) and (V)(17) of the Minimum Housing and Health Standards) pursuant to the Housing Regulation and Public Health Act. The Residential Tenancy Act further states that "it is the occupants' responsibility to allow access to ensure the dwelling Unit is ready for pesticide application or pest control treatment" (All costs incurred by failure or delay in allowing access to the residence, or by impeding the exterminator causing delays in exterminating the Pest [Bed-bugs] will be borne by the owner of the residence).
4. The tenant must prepare their housing premises for pest control. Failure to prepare the unit for treatment is in contravention of Section 5(2) of the Housing Regulations. (Owners will be assessed the costs incurred if the residence is not prepared as directed by the contractor, and/or the Condominium Board.)
5. Where treatment has been approved residents must follow the contractor's instructions, preparation guide and time frame. Residents are not to remove any furniture until all treatments are completed or the furniture has been properly wrapped with plastic wrap prior to removal. (This will prevent the spread of the bugs to the rest of the building.)
6. Owners/residents shall not authorize others or attempt to treat any infestation with any chemicals or heat-treatments such actions will be in violation of Section 36 of the Alberta Environmental Protection and Enhancement Act. (Heat and insecticides only cause bed-bugs to spread and do not eradicate them.)
7. Persons, who for whatever reason, choose to independently engage the services of contractors to assess pest (Bed-bug) infestations, do so at their own peril and are responsible for all costs resulting from such actions including but not limited to adjoining units where infestations have spread to as a result of this unauthorized action.
