Guidelines for enjoyment and use of Common Areas

1. For sale / rent signage:

- Signs cannot be placed on the common property or surrounding grounds.

2. Rental Units:

- If you rent your suite, please notify Ayre & Oxford Inc within 21 days of the Rental and provide details of the tenants. You will find a notification form attached for your reference, along with a bylaw sign off form. You must submit the Owner Update form each time you have a new Tenant.

3. Air Conditioners:

- Based on the electrical power of the pedestal's that service the property, the maximum electricity capacity has been reached therefore no further air conditioners will be granted. The City is also aware of this power limitation and will not approve installation permits.

4. Balconies:

- Balconies are considered common areas. They must be kept clean of junk not appropriate for this area. No storage of garbage etc. allowed. Basically if it is an eyesore it's not allowed.
- We want everyone to be able to enjoy their balconies so common courtesy in respect to noise levels is appreciated. If it gets noisy take the party inside and close the sliding door. Loud noise after 10:00 pm is frowned upon, keep in mind noise travels and for the comfort of other residents please keep it down.
- **Satellite Dishes** are not allowed at Mosaic Vista on the Park.
- **Holiday Decorations** must not cause damage and may be displayed one week prior to the seasonal holiday event and must be removed one week after the seasonal holiday event.

5. BBO's:

- Only gas barbecues are permitted and must be on the Unit's balcony. Any damage to the outside of the building from BBQ's is the responsibility of the owners of the suite with the damage.

6. Garbage...Garbage:

- We strongly encourage everyone to recycle and please be reminded:
 Please DON'T put your garbage beside the dumpster – it won't get picked up by the garbage folks and ends up being strewn across the property. If we have to hire someone to clean up garbage left outside the bin or in the building, that cost gets passed on to the Owners.

AYRE & OXFORD INC.

Professional Real Estate Management

Accredited Management Organization®(AMO®)

Balconies and yards are not to be used for garbage storage or storage of any items

- If you see a resident or vehicle dumping garbage or large pieces of furniture beside the bins, please report the date, time, items dumped, and license plate to Ayre & Oxford, as these persons can be charged back the costs incurred by the Corporation for clean-up. This will save all Owners from sharing the costs.

7. Home based business:

- Units or any part of the common property cannot be used for any commercial or professional purposes.

8. Speed limits:

- The speed limit is 15 kilometers per hour.
- If you see someone speeding, please record his/her license number and call it in to the property manager.

9. Garages:

- Oversized vehicles which do not fit within the garage structure not allowing the door to close, are a safety concern, obstruct the fire lane and open doors may cause pipes to freeze in the winter. Vehicles must fit properly within the garage, and must not be permitted to have any portion thereof extruding from the garage for any length of time.
- Your garages must be kept closed at all times. This action is necessary to address a couple of issues.
- **Safety and security.** According to the Edmonton Police Service, open garage doors attract criminal activity.
- Garage doors must be kept clean and must be repaired promptly when damaged.
- Garage doors must be maintained in good working order.
- If and when garage door trim is damaged, the Condo Corporation will have the damage repaired and the cost will be charged back to the owner.
- Doorbell switches next to the garage doors must be kept in good repair and must be properly affixed to the building.
- The lights above the garage doors must be kept in good working order.
- Building structure.
 - Pipes can freeze and burst causing extensive damage. Unit owners are responsible for the cost of this damage.
 - Occupants who leave garage doors open will be sent a warning letter. Should the occupant repeatedly leave the garage door open, a fine will be issued.
 - Vehicles must not be parked outside the garage in the emergency access lane.
 - Violation of the above garage policies may result in a fine of \$250.00.

10. Insurance:

- It is strongly suggested that all owners and tenants have proper condo insurance
- The Condominium Corporation carries Real Property All Risk Insurance, which provides coverage to the full replacement value of all real property in the condominium complex as well as Directors and Officers Liability. This policy does not cover the individual unit owner in these important areas:
 - Insurance coverage on your personal property or contents coverage
 - Insurance coverage for personal liability
 - Sewer backup
 - Contingent insurance
 - Insurance on Betterments or improvements
 - Loss assessment (coverage for the Corporations deductible should it be assessed back to them).
 - If the unit is rented to tenants, the owner should carry a condo package that also covers tenants' liability and the tenant must carry a tenants' policy
- To protect these important areas you should purchase a Condominium Unit Owners Policy. This is a package designed specifically for this unique type of ownership. Contact your insurance agent to ensure that your needs are adequately met. Provide your insurance agent with a copy of the Corporation Bylaws and the current Corporation insurance certificate for reference.

11. Sump pump Maintenance:

AYRE & OXFORD INC.

Professional Real Estate Management

Accredited Management Organization®(AMO®)

- Each end unit has a sump pump installed which requires some owner responsibility.
- Each unit owner is responsible to ensure the installed sub pump is operational at all times. Should the sump pump remain inoperable for a period of time, damages can result in repair costs and restoration costs in the event of flooding.
- Should damages occur, the repair costs will be levied against the responsible unit Owner.

- **The main benefit of having a sump pump in your home is that it alleviates the worry of accidental water damage. At this time, we take this opportunity to provide you with some tips for care of the sump pump:**
 - Ensure discharge pipe is connected and allows water to drain away from the foundation.
- Go outside to check that the pump is actually discharging water (sometimes the pump will run but it won't pump any water out).
- **Visual Check:** In general, a sump pump does not require extensive maintenance. Most homeowners find it beneficial to do a visual check on the pump every few months. Once annually, it is important that a more thorough sump pump maintenance routine be performed. On the rare occasion of persistent rainfall, your sump pump should be monitored more often to ensure it is operating smoothly.
- Fill the sump pit with water to make sure the pump is working properly.
- Clean the air hole in the discharge line.
- **After Heavy Rainfall:** A build up of debris in your sump pump is one of the major causes of sump pump failure. It is important that you check your inlet suction screen to make sure that there is no blockage. This sump pump maintenance routine should be performed every few months and especially after heavy or persistent rainfall.
- **Check the Motor:** Once annually, it is necessary to check on the effective operation of the sump pump motor by pouring water into the drain area of the pump. If the pump is working well, the motor will turn on just as the float rises with the water level. You should repeat this procedure for a few cycles. Keep track of when you last performed this task as it is a very important part of your sump pump maintenance program.
- **Check Float:** Ensure that the float of your sump pump is able to freely move. If the float is obstructed, your pump may fail to start. This task does not have to be performed regularly, but you should get in the habit of doing it every few months.
- **Verify Oil Seal:** If you spot an oily film on the surface of the water in your sump pump, verify the condition of the oil seal. The appearance of oil probably indicates a faulty oil seal which may cause the motor to burn out.

For assistance, please call the onsite Maintenance personnel Dwain Laflamme to inspect at 780-807-4108.

Humidity and Condensation in your Home

It is a home owner's responsibility to maintain the proper humidity level within their home in efforts to reduce moisture. Routine things like cooking, showers, dishwasher and laundry machine use and hang drying clothes can produce high amounts of moisture in your home. If the moisture is not vented outside, it can cause damage in your home. In efforts to reduce excessive moisture please ensure to use the appropriate fans listed below:

- Adjust the humidifier on your furnace to match the chart below when temperatures change outside.
- Use your bathroom and kitchen fans every time you cook or shower. Run them for an hour after each use.
- Use the main ventilation switch located below the thermostat at least once a day for an hour each time.
- Keep the window curtains open and/or blinds lifted one (1) foot from the bottom of the window.

Re: Mosaic Vista on The Park

Dear Residents,

The Management and Board of Directors have contracted our company, UNITED PARKING SERVICES INC. to assist the community with parking management services. Our services include visitors' stall management, as well as general parking enforcement patrols on the property.

Visitor Registration Options and Examples

You can register visitors online at www.iStall.ca, or by texting or calling 1-844-332-2212. Each option requires the specific Location ID for your property. The site specific Location ID for your property is 113 and can be found on the bottom left corner of the visitor parking signs.

Visitors' are permitted to park 6 hours per visit and a maximum of 10 visits per month, any vehicles exceeding these times will be in violation or may be considered a resident and subject to a violation.

NOTE:

- The Virtual Parking Permit stays with the license plate number of the visiting vehicle; the maximum visiting time limit will be posted on the new signs.
- Residents may not park resident owned vehicles in the visitor parking locations at any time.
- Inoperable and/or unregistered vehicles are not permitted to park anywhere on the property.

Each registration option is laid out by example below in order of convenience.

Any requested registration that is longer than what is posted on the signs at your location must be approved by the board of directors.

1. Register online

You can register online at <http://www.istall.ca>

To register a visitor using iStall, simply visit <http://www.iStall.ca> (there is no need to create an account), click the  icon on your location and then clicking "Select" or alternately by clicking "iStall Location ID" from the top menu and entering the location ID shown on bottom left corner of the sign. iStall will then display the registration options and confirm your registration.

IMPORTANT: Internet connections occasionally fail. If you can not reach iStall.ca on your device, please use the text or phone registration systems explained below. It is your responsibility to ensure your visitors are registered. If you do not receive a registration confirmation, or if your registration is denied, you are not registered and are not authorized to park on the property.

If you have used up all of your parking passes you can request more with a free iStall account. To request more passes from your property manager, log in with your iStall account, select your property in iStall, and then click the top right option button and select "Pass Request".

2. TEXT registration

Our text registration phone number is: 1-844-332-2212

The new text registration system supports text in for registration with a text response sent back to you for confirmation. To register a license plate by text, add the phone number as a contact, simply text 1-844-332-2212 with a formatted string containing the License Plate being registered, the Location ID, and the Unit Number, in the following format: License Plate=Location ID=Unit No

The Location ID can be found on the bottom left corner of the visitor parking signs. Your unit number is the same unit specific number you use at the beginning of your mailing address.

EXAMPLE: If your visitor's license plate is ABC123, your Location ID is 15, and your unit number is 102, you would send us this text message: **ABC123=15=102**.

IMPORTANT: SMS texting systems can be unreliable. **If you do not receive a text confirmation, you are not registered and must use the online or telephone registration systems.** If you receive a text indicating that your registration is denied, or if you do not receive a text reply, you are not registered and are not authorized to park on the property.

These passes are for visitors' vehicles only. If you require an additional parking stall for your own vehicle, there may be rental options for you at <http://www.iStall.ca> (see option 1 for more info).

3. Register by phone

Just call 1-844-332-2212 and follow the prompts.
