General Building information

1. **Move in / out Etiquette:**

- a. **No driving on the grass or moving through patios.**
- b. Moving household goods in / out should be done with safety and courtesy. Any damages incurred will be the responsibility of the unit owner.

Thinking of selling?

It happens – everyone's needs change over time. Note though that when you are selling the real estate agent you work with or potential buyers are usually interested in some key documents:

- Condo Bylaws
- Previous AGM minutes
- Insurance Certificate for building
- End of year financials
- Reserve Study

All these documents have been provided to owners in the past. By law you only have to make these available for VIEWING (by appointment at Ayre & Oxford) however, to speed up the sales process most sellers keep a copy of the documents handy. Please remember that if you need this documentation reproduced there is a fee which can be \$300-400 depending on the needs of the buyer. So be sure to have your bylaws and keep your AGM information in a handy spot!

2. **Emergencies:**

- a. If there is a police, fire, or medical emergency, call **911**.
- b. Report incidents requiring immediate action to the 24 hr emergency line 780-499-8424
- c. Non emergency reports should be made to Property Management the following business day for record purposes.

3. **Noise and disturbance:**

Daily living and its associated noises are expected and suggested to remain from 8am to 9pm. Outside of this timeframe should be quiet hours.

- a. Parties or activities beyond 9pm should be conducted with due respect to your neighbors.
- b. Owners with complaint regarding noise in a unit after hours are asked to call the police and report it to Ayre & Oxford the next business day. Please document the date, time, and nature of the complaint with as much details as possible.

4. **Renovations and Repairs:**

- a. Construction in units is to be between 9 am to 6 pm weekends and statutory holidays.
- b. If you are planning a renovation you are asked to contact building management prior to commencement for guidelines and they will provide permission. This also applies to moving plumbing or electrical fixtures from one location to another.
- c. Unapproved renovations are subject to removal.
- d. If you are upgrading / renovating, please ensure your insurance is adjusted to reflect coverage on all items that are not remaining "builders' grade".
- e. No large items from renovations are allowed to be put into the dumpsters. These large items are the responsibility of the Owner and should be taken to an Eco Station or Dump.

5. **Home based business:**

Please make your request in writing to the Building Management for approval by the Board. Approval will not be given to business which requires public attendance in the building.

6. Heating:

It is the owner / residents responsibility to inspect their furnaces. Each unit must look after their furnace, hot water tank and plumbing fixtures.

Furnaces should be inspected annually. Hot water tanks- owners are liable for damages should the tank or fixtures leak inside your unit and damage common property. Plumbing connections- Should be visually inspected for leaks and repaired as necessary.

Furnaces: Change your furnace filters.

Did you know Atco gas will inspect your furnace and other gas appliances for free once per year?

Contact ATCO Gas Customer Assistance Centre.

Edmonton - (780) 424-5222

Monday to Friday: 7 a.m. to 7 p.m. (closed on statutory holidays)

Hot water tanks: After consulting your hot water tank owner's manual, carefully test the temperature and pressure relief valve to ensure it is not stuck. Caution: This test may release hot water that can cause burns. Also, most hot water tanks recommend a schedule for draining the tank to increase the life duration of the tank.

In the winter please make sure your heat is on. Do not leave any windows or patio doors open when you are not around. If you do need to open a window please monitor it closely as there have been problems with pipes freezing when there is a change in temperature. Damage done to your suite and other suites that are the result of frozen pipes that burst, or as a result of negligence on the part of the Resident or Owners of the suite, is the responsibility of the Owner and/or Resident of that suite. Our temperature can change drastically from warm to cold in a hurry.

7. Pets:

Pets, including visiting pets require approval of the Board. You will find a pet approval form included in this package. Please also refer to the Corporation bylaws.

8. Insurance :

It is mandatory that all owners and tenants if renting have proper condo insurance. A copy of the insurance documents must be presented to the management company for their records.

The Condominium Corporation carries Real Property All Risk Insurance, which provides coverage to the full replacement value of all real property in the condominium complex. This policy does not cover the individual unit owner in these important areas:

- Insurance coverage on your personal property or contents coverage
- Insurance coverage for personal liability
- Sewer back up
- Contingent insurance
- Insurance on Betterments, or improvements
- Loss assessment (coverage for the corporations deductible should it be assessed back to them)

If the unit is rented to tenants, the owner should carry a condo package that also covers tenant liability; the tenant must carry a tenants' policy.

To protect these important areas you should purchase a Condominium Unit Owners Policy. This a package designed specifically for this unique type of ownership. Contact your insurance agent to ensure that your needs are adequately met. Provide your insurance agent with a copy of the Corporation bylaws and the current Corporation insurance certificate for reference.

Guidelines for enjoyment and use of Common Areas

1. For sale / rent signage:

Signs cannot be placed on the common property or surrounding grounds of Pebble Creek. A for sale sign is allowed in the window. Rental signage is not allowed. Realty signs are permitted on the realty trees, located at the entrances.

2. Rental Units:

If you intend to rent your suite, please notify Ayre & Oxford Inc within 21 days of the Rental and provide details of the tenants. You will find a notification form attached for your reference.

3. Balconies/Patios:

Balconies are considered common areas. They must be kept clean of junk not appropriate for this area. No storage of garbage etc. allowed. Basically if it is an eyesore it's not allowed. We want everyone to be able to enjoy their balconies so common courtesy in respect to noise levels is appreciated. If it gets noisy take the party inside. Loud noise after 9:00 pm is frowned upon, keep in mind noise travels and for the comfort of other residents please keep it down.

4. BBQ's :

The BBQ should be kept away from the siding as it could melt. Any damage to the outside of the building from BBQ's is the responsibility of the owner's or residents of the suite with the damage.

5. Garbage...Garbage:

We strongly encourage everyone to recycle and please be reminded:

- ⊗ Please DON'T put your garbage beside the dumpster – it won't get picked up by the garbage folks and ends up being strewn across the property. If we have to hire someone to clean up garbage left outside the bin or in the building that cost gets passed on.
- ⊗ Plastic milk jugs and other recyclable plastic jugs now carry a refundable deposit.
- ⊗ If you are placing milk jugs into the containers, please ensure they are crushed to allow more space.

Unit Alteration/Renovation Application ~ Alteration Materials Specifications

This notice will confirm the Board of Directors decision to approve your request to adjust the unit or common area as follows:

INSTALLATION OF _____

ON LEGAL UNIT # _____, CONDOMINIUM CORP _____ EDMONTON, ALBERTA.

Specifications as Follows:

IF the installation is flooring: Please refer to the following page.

IF the installation is electrical fixtures: permits and professional trades must be used

Exterior walling alterations: the impacts on insulation or exterior sheathing are accounted for.

Plumbing/Dishwashing changes: permits and only qualified plumbers will be permitted

This decision will stand as long as all of the following conditions are met:

- The work is to be completed during normal working hours (8:00 a.m. to 6:00 p.m. Mon to Fri), and will not be conducted on balcony space or other common areas, as applicable.
- Understand that this is considered replacement of the builders' grade; therefore this will be considered a betterment, or improvement, **not covered by the Corporation insurance policy.** The owner's personal insurance covers this.
- It will be the home owner's responsibility to pay for any future damages that may occur due to the above adjustment.
- It will be the home owner's responsibility to declare to any future purchasers their responsibility for the adjustment.
- Any estoppel certificate issued on this property will have an exception to these adjustments as common area.
- Although this area is no longer considered common area, it must be maintained as to the standards of all other common areas of this project.
- Failure to comply with any of the above points or failure to sign and return one copy of this form to the Property Manager will result in this request being denied.
- Failure to maintain the area after construction will result in the area being returned to its original state at the home owner's expense.
- All building permits are responsibility of home owner not the condominium board.

You are responsible to ensure that any additional noise caused by the alteration does not disturb neighboring units.

If you agree with all of the above conditions, please sign and return one copy of this form to the Board of Directors of Condo Corp. 922 1019 c/o Ayre & Oxford Inc. Your project will be able to commence once this form is signed and returned.

Floor Covering Specifications**

Floor coverings in the interior of any unit shall not be replaced with less resilient coverings than the pre-existing coverings without the prior consent of the Board. For the purpose of this policy: ceramic tile, marble or the like shall be considered less resilient than vinyl tile, hardwood flooring or the like which shall be considered less resilient than carpeting, carpeting and under pad, or the like.

Where hard floor coverings are allowed by permission of the board, and where they are located in any unit that is above another unit, the floor coverings must be installed using a resilient underlay which has a laboratory tested rating of "Impact Insulation Class" (IIC) of 70 or higher, and a Sound Transmission Class (STC) of 65 or higher.

The floor covering must "float" on the isolated underlay with no fasteners or other bridging through to the structure. For solid hardwood floors and tiles floors, this can be achieved by installing the resilient underlay below the subfloor.

Occupants with hardwood floors topping (hardwood, vinyl, ceramic tile and laminate) must recognize that the floor impact resulting from their activities are more readily transmitted to units below and active steps to limit the noise of these impacts must be taken. Please note: the under pad requirement must have a Impact Insulation Class (IIC) of 70 or higher and a Sound Transmission Class (STC) OF 65 or higher.
