Please be advised that we require a hot water shut down for the above mentioned floors:

from
2:00pm – 4:00 pm (approximately)**

**IF ACCESS TO YOUR UNIT IS REQUIRED, YOU WILL
RECEIVE A SEPARATE EMAIL**

Please ensure that all your water faucets are in the off position so there is no chance of an incident when the water is turned back on. Note that when the water comes back on that there may be air in the lines, so run your faucet to let the air out. In addition, it may take longer for the hot water to return.

If your unit is rented, please notify your tenants accordingly.

We apologize for any inconvenience this may cause and thank you for your cooperation.
