1. Offer subject to change or expire without notice. Cannot be combined with other promotional offers. Available to existing and new residential customers in partnered multi-dwelling unit buildings who have not subscribed to Internet, Optik TV, and SmartHome Security in the past 90 days. Final eligibility for the services will be determined by a TELUS representative. 2. Mobility customers will have an extra \$10/month discount applied to the home services bill for 24 months (or as long as they continue to have eligible home services products). 3. Maximum speeds require optimal network conditions on a wired connection. Internet access speeds may vary depending on location, usage within the home network, Internet traffic, applicable network management or server configurations. Traditional copper wire or copper wire hybrid networks are subject to capacity constraints and environmental stresses that do not affect TELUS fibre optic technology, which is based on light signals. Individual results may vary depending on location, usage within the home network, Internet traffic, applicable network management or server configurations.
