 - **Express** loan program provides loans up to \$350,000 for no more than 7 years with an option to revolve. There is a turnaround time of 36 hours for approval or denial of a completed application. The uses of proceeds are the same as the standard 7(a) loan.

Many businesses have business interruption insurance; now is the time to contact your insurance agent to review your policy to understand precisely what you are and are not covered for in the event of an extended incident.

Government Contracting

SBA is focused on assisting with the continuity of operations for small business contracting programs and small businesses with federal contracts. For more information on federal contracting, visit <https://www.sba.gov/federal-contracting/contracting-guide>

Lay-Off Aversion

Rapid Response/Lay-off Aversion- Is your business facing the possibility of laying off employees or even closing? The Los Angeles County America's Jobs Centers of California (AJCCs) can help you get your business back on track. Specialized Business Service Representatives can work with you and your employees to minimize losses and improve morale. We can also assist your business with strategic planning to ensure that your business does not face a similar situation in the future. Best Practices

- Do your part to slow the spread
- Avoid social gatherings of 10 people or more
- Work or engage from home
- If necessary, working on location or place of business make sure to conduct regular environmental cleaning i.e. wipe down with cleaning solution, sanitize workspace and make sure employees are washing hands on a regular basis.
 - Staff should wear and use appropriate Personal Protective Equipment according to your existing policies and procedures.
 - Have soap and paper towels in bathrooms at all times.
- Avoid unnecessary travel
- California EDD has issued updated guidance on issues beyond unemployment insurance (e.g. caregiving for ill family members). Visit <https://www.dir.ca.gov/dosh/coronavirus/Health-Care-General-Industry.html> for that updated guidance.
- California's Department of Industrial Relations has issued updated guidance on what employers are expected to do to help promote hygiene/safety in the workplace. Visit <https://www.dir.ca.gov/dosh/coronavirus/Health-Care-General-Industry.html> for that updated guidance.
- Marketing – It's critical to communicate openly with your customers about the status of your operations, what protective measures you've implemented, and how they (as customers) will be protected when they

visit your business. Promotions may also help incentivize customers who may be reluctant to patronize your business.

- Consider providing in-home services i.e. provide free delivery, etc.
- Inventory and Supply Chain Shortfalls – While the possibility could be remote, it is a prudent preparedness measure to ensure you have either adequate supplies of inventory for a sustained period and/or diversify your distributor sources in the event one supplier cannot meet an order request.
- Share best practices with other businesses in your communities (especially those in your supply chain), chambers of commerce, and associations to improve community response efforts.

Child Care

- Pathways LA is a nonprofit child care agency offering subsidized child care for low-income families. They are one of ten partnered agencies under the Child Care Alliance of Los Angeles County. Parents eligible to receive services are able to choose a child care provider of their choice, which Pathways LA would then be responsible to process payment for. Affected parents are encouraged to seek child care assistance rather than allowing children to remain home alone and unsupervised.
 - At this time, offices are closed to the public; however, parents are able to apply online through their website at www.pathwaysla.org or by phone at 213-427-2710. Any questions may also be addressed by our Resource and Referral Department to that same phone number.

Housing

Governor Gavin Newsom issued an executive order that authorizes local governments to halt evictions for renters and homeowners, slows foreclosures, and protects against utility shutoffs for Californians affected by COVID-19.

- The order does not relieve a tenant from the obligation to pay rent, or restrict the landlord's ability to recover rent that is due. The protections are in effect through May 31, 2020, unless extended. The order also requests banks and other financial institutions to halt foreclosures and related evictions during this time period. The full Executive Order can be found <https://www.gov.ca.gov/wp-content/uploads/2020/03/3.16.20-Executive-Order.pdf>.

- Price Gouging: Price gouging is the act of a business raising prices of needed products and services over 10% during a declared emergency.
 - Price gouging is prohibited and is governed by California Penal Code 396 and the Los Angeles County Price Gouging Ordinance. For 30 days following the declaration of emergency, it is illegal for a person, contractor, or business to sell or offer to sell any food items or goods or service for a price of more than 10 percent above the price charged by that person or business immediately before the declaration of emergency was issued.
 - Typically, this statute applies for 30 days after an emergency declaration. However, the statute applies for 180 days for reconstruction services and emergency cleanup services. State and local municipalities may extend the effective period of the statute beyond these timeframes.
