

THANK YOU

Signet Group would like to thank all the Frontline Healthcare Providers, Hospital Service Professionals and First Responders across the City for tirelessly battling to save lives in this fight against the spread of Covid-19.

We would like to connect with our Frontline working residents. If you are, or know someone in our Resident Community who is, a member of one of the above, we would like to hear from you to extend our thanks.

Please email us at community@signetgroup.ca attaching a picture and a blurb on the roll you or your fellow resident plays.
