Have You Heard?

GARAGE RESTORATION

First phase of the garage restoration is nearing completion. Keep watching the notice boards for updates.

Thank you for your patience while this necessary work has been progressing.

Once garage restoration is complete we will be allocating new lockers for tenants to get storage off their balconies. Watch for notice of availability.

General Maintenance: Off season boiler cleaning to take place during the summer. Window cleaning planned for all sites in the coming months.

SUGGESTIONS WELCOME!

Trying to decide what to do with the space where the pool was. We want your ideas so email them to contact@cherishome.com, or leave your suggestions in writing with Charlene.

CLEAN UP A SUCCESS

In honour of Earth Day 2018 the Staff and Tenants of Don Mills came out and cleaned up the ravine behind the building. Thank you to all that participated as the earth is what we all have in common!

PIGEON'S ARE PESTS

Here are some homemade ideas to stop pigeons from landing on your balconies:

Spices – Cayenne pepper or chili powder -

Make a cheese cloth package so the scent goes through > Tie aluminum plates or CD's

to twine so they move as birds are afraid of the shine > Add a small mirror or two, birds

hate the reflection > Put down plastic owls

or snakes, birds hate them.

In Your Neighbourhood

WHAT GOES IN MY BLUE BIN?

Recycling is a challenge for everyone, and with the City changing its rules at times to improve the process, here are some quick tips that will help. Keep in mind that bad things happen when non-recyclable material is placed in the Blue Bin. It can damage equipment, cause workplace injuries at the recycling facility and ruin otherwise perfectly good recyclables. Contaminated recycling is currently costing the City millions annually!

The Top Blue Bin Offenders:

Food and organic waste mistakenly tossed in with recyclables. They get soaked up by paper and ruin batches.

Black plastic, such as take out containers and garbage bags, are not accepted because the optical technology cannot recognize it.

Hot beverage cups are made of paper but lined with plastic, or wax, which makes them difficult to sort. Non-black lids and paper lids can be removed and placed in the Blue Bin.

Containers with leftover food can be placed, only when rinsed!

No clothing or textiles are to be placed in the Blue Bin!

If unsure whether or not an item can be recycled, check **Waste Wizard** (<https://www.toronto.ca/services-payments/recycling-organics-garbage/waste-wizard/>).

SUMMER IS HERE!

And Don't Forget

BALCONY ETIQUETE

Summer is short and enjoying your balcony when the weather is nice is a benefit of living in an apartment. However, we remind you that there are procedures that need to be followed, not only to prevent accidents, but to keep your building clean and damage free.

We remind you:

- No garbage of any kind is to be kept on balconies
- The balcony is not to be used as a storage area. See your Site Office if you need a locker to store those seasonal/extra items
- Nothing is to be thrown over the balcony. Your safety, and the safety of your neighbours, is important and someone could easily be hurt.

IF YOUR FAMILY INCLUDES A DOG

- Your dog must be licensed in Toronto and renewed yearly
- Pick up after your dog at all times
- If your dog is continuously barking or whining and disturbing neighbours, you can be charged under the Noise Bylaw
- Some people fear dogs, respect their feelings and concerns
- Leash and control your dog in public

*For complete information see
Toronto Municipal Code – Chapter 349 - Animals*

Dear Resident:

We're looking to improve the Quarterly Newsletter by reaching out to you for your suggestions. If you would like to contribute with any recipe, upcoming community event, or positive share, please email to contact@cherishome.com and it will be reviewed for possible addition in the next newsletter. Keep in mind that as it is a quarterly publication, any upcoming event must be within the appropriate timeline. Thank you.

701 DON MILLS GIVES BACK!
