

Quick Start Guide

Dual Screen Portable DVD Player

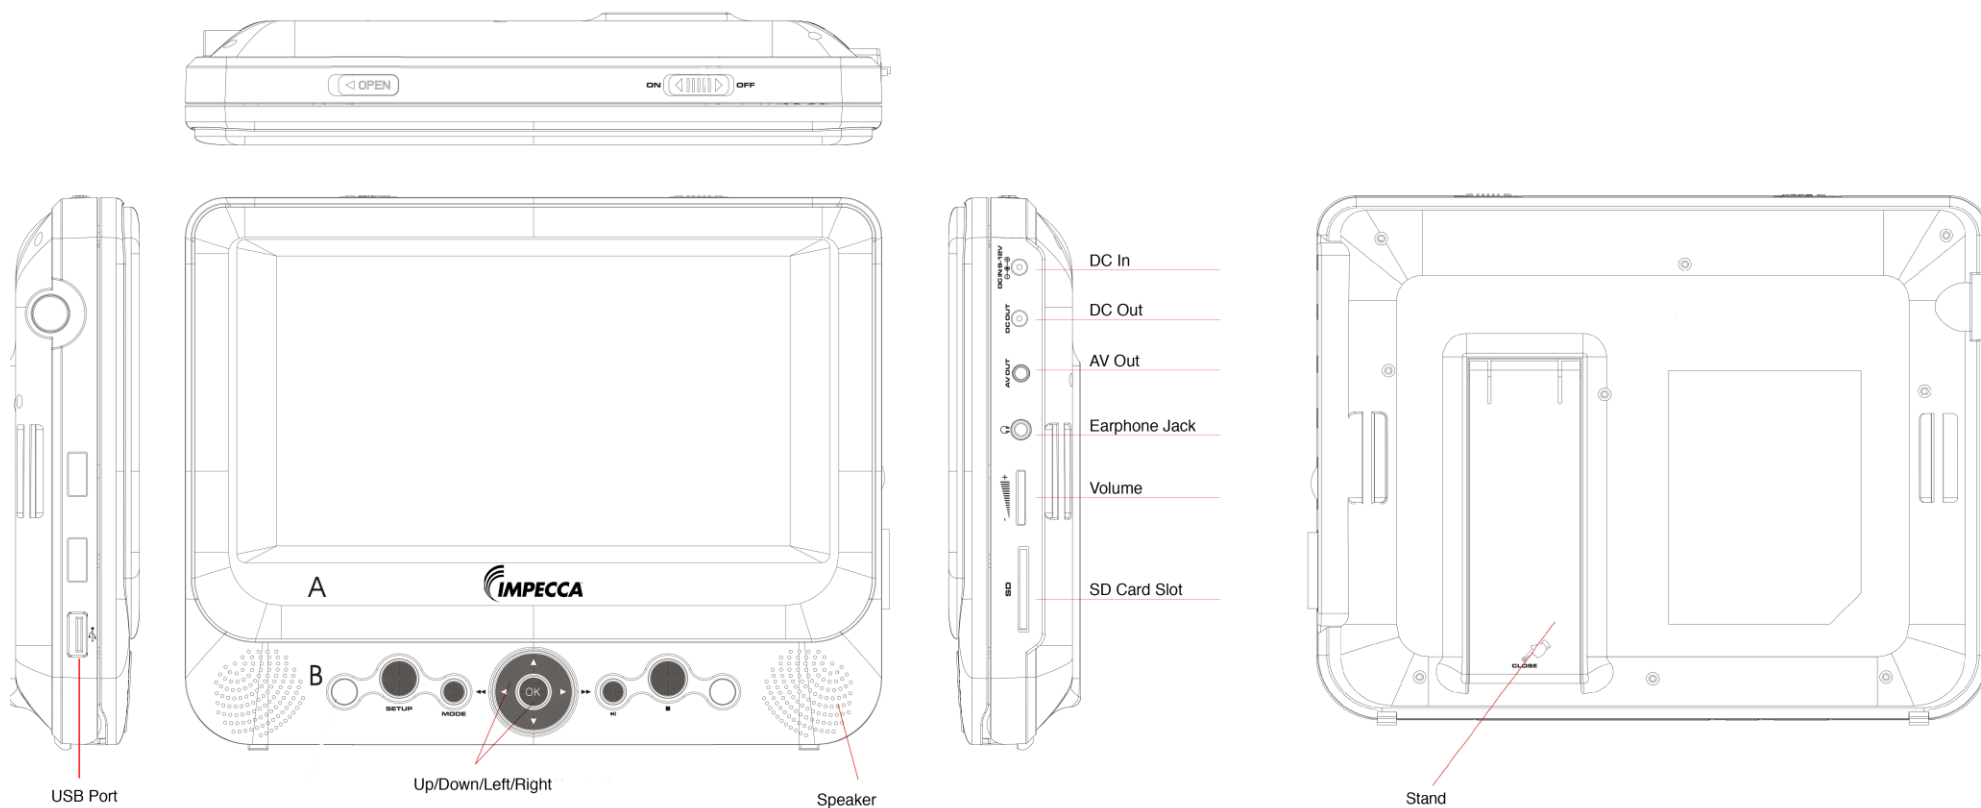

Model: DVP-DS720

Thank you for purchasing this Impecca DVP-DS720 Dual Screen DVD Player. Please read this Quick Start Guide before you use your new DVD player.

To operate, plug the DVD player into a power source with the included car or wall adapter. Insert the appropriate plug into the **DC In** port on the DVD player and the other end into the power source. Open the DVD player by sliding the **OPEN** tab on the top of the DVD player to the left. Insert your DVD and turn the DVD player on. Your movie will begin to play automatically

To connect the secondary screen, plug the included AV/ DC cable into the **AV Out/ DC Out** ports on the main unit and into the **AV In/ DC In** ports on the secondary screen. Turn the secondary screen on by sliding the **On/ Off** tab to the left.
