Forfeits/Actions
Printout at the end of the instructions.

Step 1:

Cut out 5 pieces of wrapping paper - two of one colour
(purple), two of another colour
(orange) and one of a third
colour (green).

Step 2:

Alternate the wrapping paper so that you don’t have two of
the same colour together.

Step 3:

Wrap the first layer and put the first action on - the lion pulling a funny face. Make sure the birthday child get the parcel as this will be the last layer when unwrapping the parcel.

Step 4:

Wrap the second layer and add the monkey picture. This is the second last layer of the parcel.

Step 5:

Wrap the third layer. This layer has no picture on it. This builds suspense and excitement.

Step 6:

Wrap the second last layer and add the jumping girl action picture. This is the first action the kids will be doing.

Step 7:

Add the last layer. This is the outside of the parcel, so take a little bit of extra care making sure that it is neat. Write the child’s name or if it’s a boy or a girl prize if you need to.

That’s it! You’ve got yourself a ‘Danger Pass the Parcel’.
