EPA Compliant Recycled “Green” Paper Products

Allied West Paper Corporation is proud to produce E.P.A. Compliant Recycled “Green” Paper Products. These products are of the highest quality available, made in the USA, while meeting or exceeding the U.S. Government’s E.P.A. guidelines for “post-consumer” content. All of Allied West Paper Corp’s products qualify for Leeds certification through sustainable and renewable processes.

We are now able to offer 100% recycled content utilizing elemental chlorine free whitening while meeting minimum E.P.A. Guidelines for post-consumer content!* This is fiber that has been utilized somewhere in the marketplace as correspondence – in envelope’s, newspapers, trade publications, magazines, or many other products that have been in the hands of the public. These products have then been collected, returned to a recycling mill, then cleaned and re-pulped for use in our towels, tissue, and napkins. This keeps the waste stream to our ground collection facilities to a minimum!

Please feel confident that you are using the highest quality with the most environmentally preferable product available in the away from home marketplace today.
