

## Specification Sheet: DUSSTDSP3

### GP PRO Dixie Ultra™ SmartStock® Tri-Tower Cutlery Dispenser

**Weight:** 22.2lbs

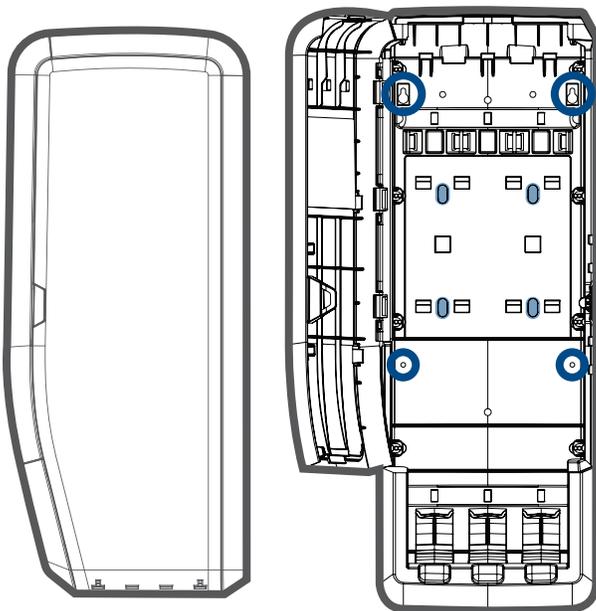

**Specifications:** Impact resistant plastic

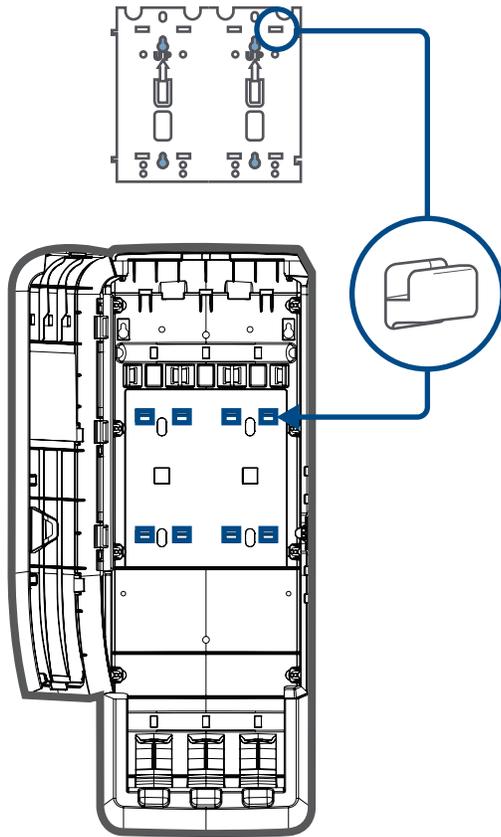

#### 1 Wall Mounting:

Position unit on wall so that the top is level. Open front cover and mark screw locations where indicated with circles. If using a mounting bracket, mark locations of shaded areas shown, then skip to step 3

NOTE: Mount Dispenser to wall in accordance to local ADA compliance

- Secure unit to wall with four (4) anchored screws appropriate to your wall type in locations previously marked.

- 3** If using mounting bracket, align keyhole slots with areas marked from step 1. For accessories or replacement components, please call: 1-866-HELLOGP (1-866-435-5647)
- 4** Ensure that the arrows on the bracket are pointing upwards and the top is level. Place the mounting bracket on wall, lining up keyhole slots with shaded areas previously marked. Use four (4) anchored screws appropriate to the type of wall in the keyhole slots indicated to secure bracket.
- 5** Fit dispenser onto bracket. Lock into place by gently pulling downward. Listen for a click indicating dispenser is properly secured.
