

CREATING A CLEANER, SAFER, HEALTHIER WORLD.

Floor Pad Selection Guide

Strip, scrub and clean all of your coated and uncoated floors with TennantTrue® pads.

- Optimize your floor scrubber's cleaning performance
- Designed specifically for Tennant machines
- Accommodate a variety of floor cleaning applications including: stripping, burnishing, scrubbing, and polishing

Floor Pad Selection Guide

A variety of pads are available for your Tennant autoscrubber or burnisher including fine, regular, and coarse fibers. A full range of pads handle a wide variety of soil types, floor types, and cleaning applications. Use this guide to determine the most appropriate pads for your cleaning needs.

Burnishing Pads

Repair finish and improve gloss & shine on harder floor finishes and in high traffic areas.

Natural Hair Blend Pad

Aggressive burnishing for hard finishes, heavily trafficked or worn finish. Removes marks and scuffs while burnishing.

Scrubbing Pads

Remove 1-4 coats of finish with water or neutral cleaner for a fresh new surface ready for burnishing.

Green Turf Pad

Ideal for aggressively cleaning deep grout lines and uneven floor surfaces.

Surface Preparation Pad

Heavy duty scrubbing for 2- 4 coat removal prior to recoating. Reduces the need for chemical floor stripper.

Stripping Pads

Remove finish, sealer, and contaminants from the floor surface.

Black High Productivity Pad

Our most aggressive pad. Removes heavy buildup, stains, finish, sealer and contaminants.

Brown Stripping Pad

A heavy-duty pad conformable for uneven floors. It removes 2-4 coats prior to recoating.

Cleaning & Polishing Pads

Designed for daily use to help remove surface soils without dulling surfaces.

Use daily to remove light soil, scuffmarks and black heel marks and for light scrubbing.

White Polishing Pad

Used for light cleaning to help remove soil and scuff marks with minimal dulling of finish.

Melamine Pad

A specialty pad ideal for cleaning tile and grout or other problematic areas without the use of harsh chemicals.

Red Buffer Pad

Designed for everyday cleaning and light scrubbing to remove light soil and scuff marks without removing or dulling finish.

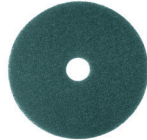

3M™ Clean & Shine Polishing Pad

A two-sided pad designed for everyday cleaning and dustless polishing. Effective with no added chemicals.

Blue Cleaning Pad

A heavy duty scrubbing pad used to remove 1-2 coats prior to recoating.

Diamond Floor Pads

Used to clean and polish stone floors with medium shine in good condition.

3M™ Scotch-Brite™ Purple High Shine Pad

Diamond impregnated floor pads for cleaning and polishing stone and concrete flooring.

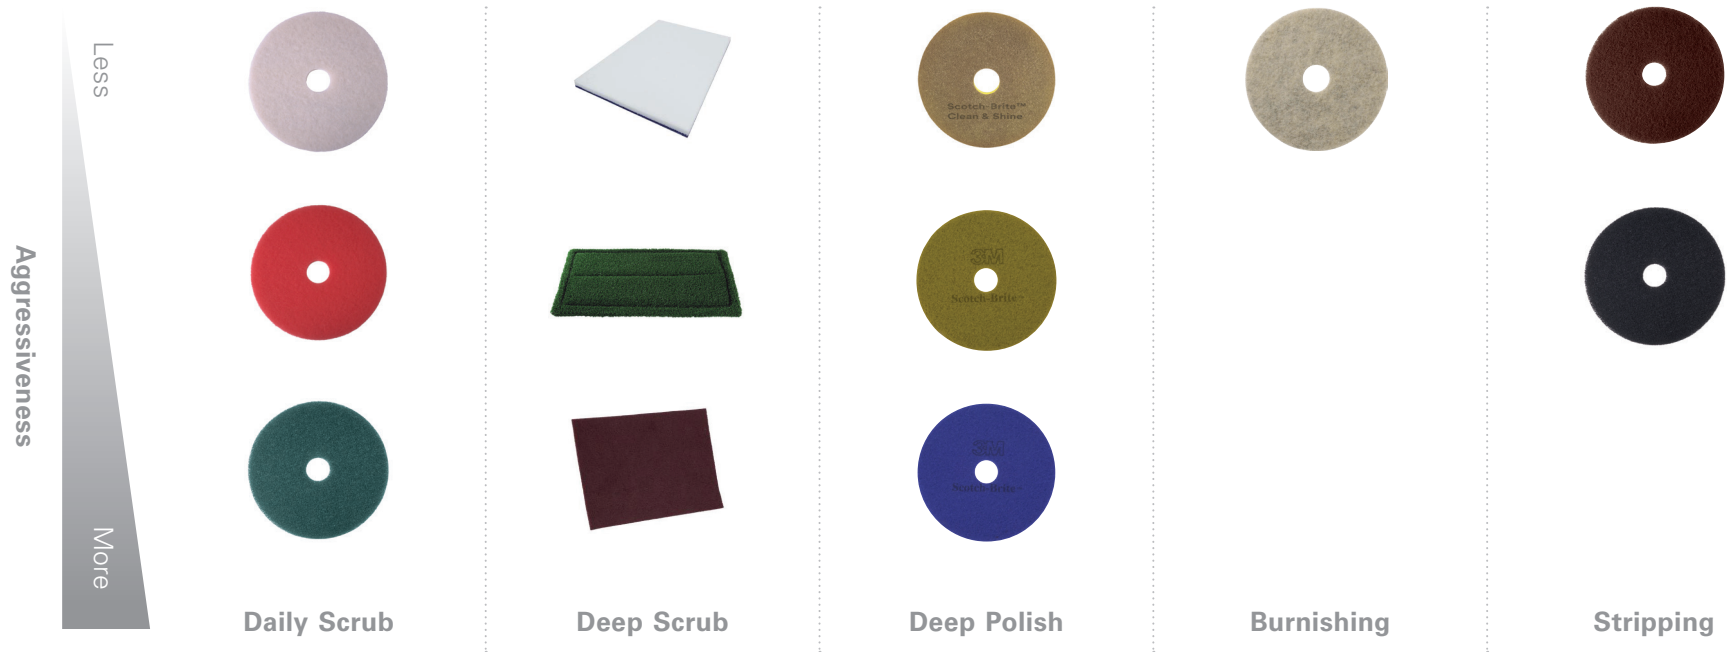

3M™ Scotch-Brite™ Sienna High Shine Pad

A heavy-duty pad, diamond impregnated, conformable for uneven floors. It removes 2-4 coats prior to recoating.

Floor Pad Usage Chart

The chart below shows the TennantTrue® floor pad product range sorted from daily cleaning to more aggressive applications. Use the chart below to determine which pads are best for your cleaning needs.

Rely on genuine **TennantTrue™** pads
